Hawaiian Lava Flood Reaches Sea

MAUNA LOA ERUPTING

Coffee Plantations Swept Away.

Molten Stream Surges Down Rich Agricultural Land, Leaving Ruin.

Terror-Stricken Natives Flee and No Loss of Life is Yet Reported.

(BY CABLE AND ASSOCIATED PRESS.)
HILO (T. H.) Sept. 30.—The lava stream from the latest eruption of Mauna Loa, which began Friday, reached the sea early today.

The flow traversed the Kona district, known for its coffee and sugar plantations. It is on the opposite side of the island of Hawaii from Hilo.

The volcano became active four days ago, but a quiescent interval followed, giving rise to the hope that there would be no overflow, but it was dispelled when a stream poured down the mountain, destroying two houses.

Mauna Loa is 13,679 feet high and is on the largest island of the Hawaiian group.

NOA FORESTS DESTROYED.
(BY CABLE AND ASSOCIATED PRESS.)
HONOLULU, Sept. 30.—Many valuable Noa forests have been destroyed by the lava flow from the latest eruption of the volcano of Mauna Loa on the island of Hawaii.

The flow apparently is a mile wide and is moving rapidly. It probably will reach the ocean, thirty miles from the volcano, today.

The scientific party, headed by Dr. Thomas A. Jaggar, Jr., director of the Hawaiian Observatory and former head of the department of geology of the Massachusetts Institute of Technology, with five day parties, has gone on a tour of investigation of the eruption.

The actual private property damage probably would not be great, it is reported here.

The lava flow is a valuable hardwood similar to mahogany and is used in building.

Mauna Loa on Hawaii Island sent into new eruption late last night and a wide stream of lava began pouring down the Kona side, destroying many homes.

The lava on the Kona side is reported to be moving rapidly. It probably will reach the ocean, thirty miles from the volcano, today.

The scientific party, headed by Dr. Thomas A. Jaggar, Jr., director of the Hawaiian Observatory and former head of the department of geology of the Massachusetts Institute of Technology, with five day parties, has gone on a tour of investigation of the eruption.

The actual private property damage probably would not be great, it is reported here.

The lava flow is a valuable hardwood similar to mahogany and is used in building.

DASS RIGID FOOD BILL.

House Limits Time for Storage.

Measure, Part of Wilson's Plan to Cut Cost of Living, has Teeth.

Provides \$1000 Fine and Prison Term for Those Who Profit.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 30.—Additional legislation recommended by President Wilson as a means of reducing the cost of living was passed today by the House and sent to the Senate. It would limit the time of holding foodstuffs in cold storage to twelve months and require that when released such food be plainly marked with the date it was placed in storage.

The vote on the measure was 244 to 4. The regulatory features of the bill will become effective immediately on its passage, but ninety days for an adjustment of the business affected, is allowed before penalties will be applicable.

Vast quantities of food now in storage are expected to be released as soon as the measure becomes a law. Cheese is the only commodity exempted, the time limit for storage to perfect aging being extended for a longer period than one year.

Persons convicted of violating the law would be fined \$1000 or imprisoned for one year.

BREAD COMBINE FINED.
(BY A. P. NIGHT WIRE.)
COLUMBIA, Sept. 30.—Four large Columbus baking companies, indicted August 22, on charges of forming a bread combine, were fined \$1000 each and costs, and a penalty of \$50 per day from date of indictment and ordered to reduce the price of bread to what it was before the combination was entered into.

The companies pleading guilty were the Columbus Baking Company, Greenman Baking Company, Reynolds Baking Company and the Occident Baking Company.

The \$10 per day penalty assessed for each day the illegal prices were maintained, amounts in each case to \$1000. The court order reduced the bread prices fixed by the retailers at 8 1/2 cents per small loaf and 12 per large loaf. On this basis, the consumers paid 10 cents for a small loaf and 15 cents for a large one.

Upon compliance with these sentences, Judge Duncan announced that individual indictments against officials for the companies would be recalled.

SWIFTS LOSE MONEY.
(BY A. P. NIGHT WIRE.)
NEW YORK, Sept. 30.—The New York branch of Swift & Co. has been operated at a loss since January 18, last, according to a statement by W. H. Noyes, vice-president of the New York branch of the company, during a conference here today between packers Oscar B.

(Continued on Eighth Page.)

HINDY'S STATUE'S TO BE DESTROYED.

BERLIN, Sept. 30.—The great wooden Von Hindenburg monument, which during the war was studied by the populace with nails, representing so much money, will be demolished this week, according to the Vossische Zeitung.

REPUBLICAN VICTORY IN 1920, SAYS KAHN.

Congressional Committee Again Chooses Foss for Leader.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Sept. 30.—Representative Simon D. Foss of Ohio, who piloted the Republicans to victory in the last Congressional election, was re-elected chairman of the Republican Congressional Committee tonight. Other officers re-elected were Julius Kahn of California, first vice-chairman; Representative W. R. Wood of Indiana, second vice-chairman; Representative E. H. Wason of New Hampshire, secretary; Representative John J. Egan of Wisconsin, chairman of the executive committee. Representative Rodenberg of Illinois retains membership on the committees from that State.

"Under leadership of the present chairman," said Mr. Kahn tonight, "we achieved a glorious victory in 1918, and I have no doubt that in 1920 we will attain a still greater victory under the same leadership."

WOMEN LEGISLATORS AID SUFFRAGE VICTORY

(BY A. P. NIGHT WIRE.)
SALT LAKE CITY, Sept. 30.—A woman member of the Utah House of Representatives, Mrs. Anna T. Pierce, officiated as speaker today when the resolution providing for ratification of the national suffrage amendment was unanimously passed.

Another woman member of the House, Mrs. Grace Stratton, moved the adoption of the resolution, which was passed in the Senate Monday.

Initial introduction of the resolution in the Senate yesterday also was by a woman member of that body.

Today's action completes ratification of the amendment by the Utah Legislature. Only the signature of the Governor remains to complete the work.

VIENNA STREET CARS RESUME OPERATIONS.

(BY CABLE AND ASSOCIATED PRESS.)
VIENNA, Sept. 30.—Street-car service, which has been suspended owing to the coal shortage, was resumed today. Otherwise there is no relaxation in the fuel economy. Newspapers in Budapest, which have been under suspension, were allowed to resume publication today. About thirty publications, old and new, appeared.

Czech soldiers on Sunday pulled down the famous statue of Emperor Franz II in the city square at Brunn, former capital of Moravia, now part of Czechoslovakia, and demolished it.

NEVADA RANGE HELPED BY HEAVY RAINFALL

(EXCLUSIVE DISPATCH.)
RENO, Sept. 30.—From Elko, Nev., on the northeast, to Tonopah, the first winter storm with good rains came and snow fell on all mountains as far south as Canon City today. During Sunday night it began raining throughout the western portion of the State for a strip 300 miles north and south and this was followed during the early hours Monday with snow on the peaks.

The last rain was on August 29, and the present fall will materially aid the ranges as well as putting a quietus on the forest fire situation.

Salvage for Army is Seanty.
(BY A. P. NIGHT WIRE.)
BOSTON, Sept. 30.—Testimony that out of the cargo of \$5,000,000 worth of army supplies on the Cunard Line steamship Port Hunter, only goods valued at \$2,000,000 were salvaged after the steamer sank in Vineyard Sound on November 19, last, was given before a Congressional investigating committee here today. It was testified that the contract for salvage was awarded to the Mercantile Wrecking Company of New Bedford after competitive bids had been received and the required bond reduced from \$200,000 to \$50,000.

WOOD ENDS CARNIVAL

Army Commander Ruling Omaha.

Holds that Mardi Gras is Dangerous During Reign of Mob Violence.

Governor Blames Politicians for Bringing Law Into Disrepute.

(BY A. P. NIGHT WIRE.)
OMAHA, Sept. 30.—The twenty-fifth celebration of the Ak-Sar-Ben, the Mardi Gras of the Middle West, was summarily closed this afternoon by the board of governors following the suggestion of Maj. Gen. Leonard Wood, in command of 1400 Federal troops on duty here, that all public meetings be prohibited as a result of the race war and riots which occurred here Sunday.

Assumption by Gen. Leonard Wood of control of the policing of the city of Omaha at noon today brought a quick tightening of restrictions regarding civilian movements.

Gen. Wood made disposition of Federal troops in negro residential districts and ordered that no civilians be allowed to congregate in crowds of any considerable size and that none be permitted to carry arms.

H. J. Hykel, shot during the riot here Sunday, while traveling through a crowd at Seventeenth and Douglas streets, died today of his injuries. He is the third victim of the riot, the others being Will Brown, negro, who was lynched by the rioters, and Louis Young, shot by police officers while trying to enter the Courthouse.

Hykel, in company with his wife, was driving an automobile at the time of his shooting, which occurred while the mob was beating a Negro.

Grand jury investigation with a view to prosecuting officers responsible for race rioting here Sunday will be started October 2. Judges of the District Court here decided today to call a special grand jury to investigate the riot.

R. T. Coffey, chief deputy county attorney, who has been investigating the riot announced that men and boys arrested Sunday in connection with the rioting, about a dozen in number, would be held by Police Court for the grand jury.

SOLDIERS ON DUTY.

More than 1400 Federal soldiers from Camp Grant, Ill.; Funston, Kan.; Dodge, Iowa, and Fort Crook and Omaha, Neb., are in the city for riot duty. About 500 troops and sixteen officers from Camp Grant and 250 men and eleven officers from Camp Funston arrived here today.

Gov. McKelvie, who arrived here early today, issued a statement deploring the riot and declaring that "one who is acquainted with conditions in Omaha during the past few months could not be very much surprised at what has happened."

The statement continued, "that those who have moved to this city today and have formed public opinion have constantly engaged in petty bickerings and a criticism of the local officials which would result in anything but an utter disrespect of the law."

One of the most alarming features of the situation, the Governor said, "is the extent to which the young boys were engaged in the destruction of property and the violence that characterized the riot."

DOES NOT FIX BLAME.
The Governor declared he would not attempt to fix the blame for what happened, saying he thought it would "perhaps be as fair to criticize the one who applauded the actions of the rioters as to criticize those who actually did the work."

The condition of Mayor Smith, injured when the rioters attempted to lynch him, continued to improve today. He is still in a hospital.

The city was quiet last night. The Governor declared he would not attempt to fix the blame for what happened, saying he thought it would "perhaps be as fair to criticize the one who applauded the actions of the rioters as to criticize those who actually did the work."

FOSTER IS ANARCHIST

Steel Strike Leader is Denounced.

Pittsburgh Judge Wants Agitator Given Passport Out of America.

Says Parlor Bolshevik is Menace to the Nation's Institutions.

(BY A. P. NIGHT WIRE.)
PHILADELPHIA, Sept. 30.—William Zebulon Foster, leader of the striking steel workers, was bitterly denounced as "a dangerous domestic enemy" by Judge Joseph

Persons and Places Looming in Steel Strike.

The Red Leader of the Unions and the Men on the Lid.

In center are shown members of the State constabulary of Pennsylvania patrolling the Pittsburgh strike districts, while at bottom is a panoramic view of the great mills at Bethlehem against which the strikers vainly directed their efforts Monday.

COAST MEN GAIN RISE.

Threatened Pacific Strike Fades.

Navy and Shipping Board Say Workers may Accept Increases of Owners.

San Francisco Fears Rerouting Order is Too Late to Prevent Walkout.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 30.—Strikes of Pacific Coast shipyard workers, threatened yesterday, was believed here tonight to have been averted by an agreement reached after an all-day conference by which representatives of the Shipping Board and the Navy Department agreed to permit acceptance by the men of wage increases, offered by the shipyards on the western coast, provided the government would share no part of the additional expense.

Notice of the conference's action immediately was telegraphed to all shipyard workers' unions and shipbuilding companies on the Pacific Coast.

Representatives of the workers here were confident that the possibility of a strike also by workers of the industry on the Gulf and Atlantic coasts would be decreased. It was asserted, however, by some of those attending the conference that the Pacific Coast conference might end themselves unable to meet the increased wage scale, amounting to an average of about 10 per cent, without aid from the government, and refuse to grant the increase.

At the resumption of the afternoon of the conference between the heads of the Federation of Labor, representing the workers, the Navy Department and the Shipping Board, it was represented on behalf of the workers that the new wage scale was not a concession, but a statement issued by the fleet corporation and the navy that no increase in wages was to be made until the new wage scale was agreed to by the navy and the Shipping Board would not only refuse to pay out of government funds such advances, but would prohibit the shipbuilding industry from advancing wages agreed to under a written agreement recently consummated between the industry and the navy.

The men of the Severn tunnel branch of the National Union of Railway Men have given the government forty-eight hours' notice to withdraw the military guarding the tunnel, failing which the pumpmen are to be called out.

The executive committee of the Amalgamated Society of Engineers has decided against a strike. Mechanics, however, must refuse work previously done by members of the National Union of Railway Men.

SABOTAGE STRIKES LONDON

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Sept. 30.—The district underground railway started an eight-minute service tonight between Hammersmith and Mansion House station.

The men of the Severn tunnel branch of the National Union of Railway Men have given the government forty-eight hours' notice to withdraw the military guarding the tunnel, failing which the pumpmen are to be called out.

The executive committee of the Amalgamated Society of Engineers has decided against a strike. Mechanics, however, must refuse work previously done by members of the National Union of Railway Men.

CANCEL TALK, REED TOLD.

(BY A. P. NIGHT WIRE.)
ANDMORE (Okla.) Sept. 30.—Ardmore citizens in mass meeting late today sent a telegram to United States Senator Reed of Missouri demanding that he cancel his Ardmore speaking date here tomorrow noon in opposition to the League of Nations.

Resolutions were adopted endorsing President Wilson and the league. The telegram denounced as "un-American" and "un-American" the action of Senator Reed and Senator Gore of Oklahoma in touring the country against the league.

BLOCKADE OF GERMANY ON.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Sept. 30.—The blockade of Germany, which was threatened by the Allies in case the German troops of Gen. Von der Goltz were not removed from the Baltic region, will begin today, according to the statement. No food ships, it declares, will be permitted to start for Germany until further orders are issued.

SEND SHIP, TRAU APPEAL.

(BY CABLE AND ASSOCIATED PRESS.)
ROME, Sept. 30.—The Italians at Trau, Dalmatia, have requested the Italian government to send a ship to Trau for their protection and also to obtain the release of prominent Italians arrested by the Serbians. The government has replied that it cannot interfere for the maintenance of order in sections of Dalmatia entrusted to the care of the Americans, but that it will convey the appeal to the American commander, Rear-Admiral Andrews.

D'Annunzio Declares Himself in a State of War with Yugoslavia.

PEACE COUNCIL WORRIED.

Flume Issue to be Laid Before the Italian People in Election November 16.

(BY CABLE AND ASSOCIATED PRESS.)

FIUME, Monday, Sept. 29.—"I consider myself in a state of war with Yugoslavia."

Gabriele d'Annunzio thus proclaimed from the municipal palace of Fiume today.

Troops had been sent to the first line of reserves ready to answer any need. Thus far the Italian Red Cross has not appeared on the scene for the purpose of giving assistance to those within the city if necessary.

ROME, Sept. 29.—Telegraphic reports from Fiume report that Gabriele d'Annunzio, in command of the insurgent garrison of the city, has stated he considered himself in a state of war with Yugoslavia. His declaration was made after the head of the French mission had demanded that d'Annunzio restore telegraphic communication with Agram, the capital, which d'Annunzio had interrupted.

The Fiume issue will be laid before the Italian people November 16, together with the other matters on which the government wishes to obtain a mandate. The Parliament was dissolved yesterday and will re-assemble on December 1.

SITUATION IS GRAVE.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Sept. 29.—The inflated conditions in the Adriatic region and the dissolution of the Italian Parliament for the holding of a general election November 16, as announced yesterday, are giving the Supreme Council much concern, in view of the possibility of all the Balkans becoming involved in the turmoil.

In Peace Conference circles the

ing his unalterable determination to hold Fiume until it is annexed to Italy.

"We are glad to see you in Fiume," he told the American correspondent. "We are here to stay until we are through with our task of having Fiume annexed to Italy. We will not leave under any consideration until our object is accomplished."

You see the enthusiasm of the people of Fiume to be annexed. You see that the people of Fiume are Italian. Our motto remains today as since the beginning of this enterprise—"Fiume or death."

"We are willing to sacrifice all in our effort to gain what we believe to be just and right."

D'Annunzio appeared tired. The last few days have imposed the severest strain upon him. He has been rising at 6:30 o'clock in the morning to commence the work of answering letters and drafting proclamations. This has been a task, in addition to attending to staff work in connection with the forces of occupation under his command.

All vestiges of Jugo-Slav signs or names have been removed. The hotel where the Associated Press correspondent, stayed was named "Hotel de Desse" before Fiume was changed to Italy. After President Wilson's declaration last April against the handing over of Fiume to Italy, the name was again changed to Hotel Orlando, and this name was retained despite Orlando's withdrawal from the ministry, until the arrival of d'Annunzio's expedition and the hostelry then became the "Hotel d'Annunzio."

There is an extensive aviation station south of Fiume, near Sussak, where a revolt took place yesterday. Numerous hydro-airplanes hovered over the city today, attracting the attention of all Fiumians. They were employed in the transportation of messages from Fiume along the Italian coast favorable to the d'Annunzio enterprise.

French troops are occupying their barracks along the wharves without molestation and French officers and privates promenade the streets, apparently at home. Big French cannons pass through the streets carrying shells in horizon blue uniforms, showing marked contrast to the gray and green uniforms of the Italians.

At the interview, d'Annunzio was the thirteenth of lieutenant-colonel, with five rows of ribbons, including those of sixteen medals for valor.

The staff of the post consists mainly of young men. There are no officers in Fiume above the rank of lieutenant-colonel. Out of nineteen officers on the staff of d'Annunzio, seven wore the Italian gold medal for valor, of which only twenty-five were bestowed during the war.

Demonstrations occur virtually every evening in Fiume. Sometimes it is the Alpine mountaineers, sometimes the arditi or bersagliers, who get up a parade and march through town singing and cheering the d'Annunzio colors.

The d'Annunzio troops are quartered in the schools of the city.

ABLAZE WITH FLAGS.

Fiume is ablaze with flags; her streets are filled with marching soldiers, and her air is vibrant with the confidence felt by the men who, under the command of d'Annunzio, marched into the city and still firmly hold it.

Italy's flag, with that of the city of Fiume, predominates. Pennons bearing the words, "Viva Italia" and "d'Annunzio," slogan, "Fiume or Death," mingled with the red, white and green of Italy and the violet, blue and yellow of Fiume.

The correspondent reached Fiume last night from Trieste, being buried in the coal in the tender of a locomotive for the last part of the journey to avoid guards along the way.

Soldiers are everywhere in the city. Among them are thousands of veterans of the great war, a majority of the men wearing three or four service medals, as well as those indicating they volunteered for the fighting here.

ROME, Sept. 29.—American marines or blue jackets are maintaining the city of Spalato, Dalmatia, where Rear-Admiral Andrews is stationed with his flagship, the Pittsburgh, according to reports reaching this city.

It is indicated in reports that feeling is running high in Spalato and that the Americans have been forced to intervene between the Italians and the Jugoslavs.

ROW IN SENATE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Sept. 29.—After further sharp criticism by Republicans of the Senate and House today of the landing of American sailors at Trau after Italian forces had taken possession of the port, the Senate adopted a resolution by Senator New, Republican, Indiana, requesting President Wilson to transmit a report of the incident to the Senate.

The resolution caused a lively row in which Senator Hitchcock, Democrat, Nebraska, charged the Republicans with heckling President Wilson and also with deliberately filibustering to delay action on the peace treaty. Republican Leader Lodge denied these had been his intentions and said there would be none.

"There is no objection to the resolution," said Mr. Hitchcock. "But it is rather discreditable to the Senate to be forever prodding and annoying the administration while it is doing the best it can under serious circumstances."

Senator Hitchcock reiterated that the American troops were landed under orders of the supreme council at Paris to prevent "lawless outbreaks probable between the Jugoslavs and Italians."

FALL CHALLENGER.

Senator Fall challenged Senator Hitchcock to name the American member of the war council, and Mr. Hitchcock's reply that he would not attempt to do so brought laughter from Republican Senators.

"You have been holding up this treaty by a systematic filibuster," Senator Hitchcock continued. "Senators know the upheaval in Europe continues; the terrible problem of Dalmatia; that Italy is threatened practically by revolution of her troops."

"We ought to act on this treaty. The Fall amendments have been before the Senate for several days and yet they have not been discussed at all. The leaders are using anything they can to keep it from getting a political issue. I warn Senators that they might find it and regret it afterward."

"There has been no filibuster and there is no desire for one," said Senator Lodge in reply. "Our desire is to get this treaty through as rapidly as possible."

NOT A DICTATOR.

Regarding the new resolution, Senator Fall said the President, as commander-in-chief of the army and navy, is not a "military dictator."

"An act of military interference without the authority of Congress is the act of a dictator," said Senator Swanson, Democrat, Virginia, interrupted to protest against what he said were insinuations that the landing of marines was an act of war against Italy.

"Before you condemn your government in these complicated foreign affairs, you should get accurate information," he declared.

"That is what we are trying to do," retorted Senator Fall.

Senator Flanders, Republican, Washington, declared the American Peace Delegation injected itself "deliberately" into the settlement of the Fiume question and that therefore, the United States was responsible for bringing Italy to the verge of civil war and war with the Jugoslavs.

HOUSE QUIET.

The landing of the Americans at Trau was discussed in the House by Representative Campbell, Republican, Kansas, who said the people "had a right at this time to have a word of explanation from the President as to the use of arms for interference in an allied country."

"I would have to have indisputable evidence," said Representative Campbell, "that in a secret conference in Europe the President told Lloyd George and Clemenceau and even Col. House that American forces might be used as the remaining members of the conference saw fit."

Representative Ruddlestone, Democrat, Alabama, said in reply that the occupation of Trau was but a part of the general agreement entered into by the associated nations.

"Peace has not been signed," he said, "nor are obligations imposed on our army removed."

Grayson Insists on Keeping Patient Isolated.

But Executive is Able to Sign Minor Bills.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Sept. 30.—A bulletin tonight at 10:30 o'clock at the White House stated: "The President spent a fairly comfortable day and is improving."

WASHINGTON, Sept. 30.—President Wilson, whose illness took a turn for the better yesterday, continued to improve today under the rest cure prescribed by his physician.

After the first good night's rest he has had since he was taken ill, the President was up most of the day, and was permitted by Dr. Grayson to give his attention for a short time to pressing executive matters. He signed several minor bills and resolutions, sent some nominations to the Senate, and dictated a few letters.

During the afternoon he took another automobile ride, and seemed to enjoy it thoroughly. Accompanied by Mrs. Wilson and his daughter, Miss Margaret Wilson, he was away from the White House nearly two hours, driving far into the country.

It is understood, the automobile ride will be a daily feature in President Wilson's rest programme. He has been prescribed not only to give him the benefit of the sun and fresh air, it is said, but because it aids

in overcoming the sleeplessness from which he has suffered.

Dr. Grayson would make no prediction today whether the President would be able to take part in the labor and industrial conference which meets here next Monday. The physician's bulletin merely said the President had a good night's rest and was improving.

The President arose early this morning and appeared refreshed by a night of rest. Secretary Tumulty announced.

Although the President's condition precludes his taking any active part in directing the peace treaty fight in the Senate, he has shown much interest and received a report on the situation from Secretary Tumulty late last night.

Senators directing the administration fight for ratification of the treaty without amendment, or reservation advised the President through Mr. Tumulty that the treaty would not be amended and that no reservations which would require its re-submission would be adopted.

Another day of complete rest was prescribed for the President today. Yesterday's prohibition against work or worry, which enabled Dr. Grayson to announce improvement, was understood to have convinced White House officials that this course of treatment would be the most effective cure for his attack of nervous exhaustion.

At the orders of Dr. Grayson not only have all engagements for the near future been canceled, but it has been decided that for the present the President will not be permitted to see any of the Senate leaders regarding the treaty controversy.

ROYALTY IS ANXIOUS.

Ident Wilson. A wireless message sent by King Albert to the President read:

"The Queen and I greatly regret to hear of your illness and wish you speedy recovery. We thank you for the trip you have planned for us and look forward to our meeting in Washington."

Queen Elizabeth gave a dinner last night in honor of Sophia R. Kiel, the chief nurse attached to the George Washington, and decorated her with the medal of Queen Elizabeth for her war services. The Queen expressed her great gratitude for the devotion of the women of America to the Belgians. The Queen expressed her great pleasure in the knowledge that she soon would be able personally to thank a great number of these women.

FLAGSTAFF (Ariz.) Sept. 29.—King Albert and Queen Elizabeth of Belgium will visit the Grand Canyon, October 20, according to a telegram received here today from Senator Henry Ashurst.

Only \$5,000,000 bid for a City. (By A. P. Night Wire.)
PHILADELPHIA, Sept. 29.—Three bids were submitted today for the purchase of the government-owned powder plant city of Nitro, W. Va. The highest was \$5,000,000. The city cost the government \$75,000,000.

ARMENIAN HOPE IS IN AMERICA.

Paris Mission Urges Sending Infantry Brigade.

Termination of Male Population Threatened.

Tartars Attack Persecuted Nation on Two Fronts.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Sept. 30.—New pressure was brought to bear by the administration today for quick action by the Senate on the Williams resolution authorizing the President to use the army and navy to restore order and police Armenia.

The Senate foreign relations subcommittee received a cablegram from the American mission in Paris stating the dispatch of American troops, in numbers equivalent to a brigade of reinforced infantry to Russian Armenia at once to save the population from extermination. The cablegram read: "With regard to the military requirements of the

present situation in the Caucasus, the American mission in Paris has received the following telegraphic information from Col. Haskell, who personally investigated conditions in Armenia, and stated he found the situation horrible beyond description.

"Col. Haskell states that relief can and will reach in time to prevent attacking if he, Col. Haskell, be provided with troops, and the situation in Russian Armenia will be saved by the equivalent of an American brigade of reinforced infantry. Col. Haskell states that Tartars are attacking on the south and east, with Tartar uprisings which are increasing throughout the interior. In his opinion, the fate of our Armenian allies might be decided by the arrival of even one regiment. Unless troops are rushed the Armenians may at any time be exterminated."

The committee heard Acting Secretary of State Phillips give reasons for accepting the Armenian mandate. Mr. Phillips furnished data to the committee showing the conditions in Armenia. When the committee asked Mr. Phillips how many men he thought the United States ought to send to Armenia, he replied that that question was being investigated now by a commission.

TERRIBLE MASSACRE. One of the documents submitted by Mr. Phillips stated that the American commissioner at Constantinople was informed that the Tartars had massacred between 6000 and 12,000 persons after a three days' battle at Nakhchivan. Another document described the Armenian situation in this language: "A telegram from the American

mission in Paris states that the Armenian forces now consist of men poorly equipped and armed, about 10,000 in number. Against them there are about 40,000 Turkish troops advancing on Erivan, these Tartars being led by Turkish officers. All reports received by mission from Dr. Barton, Mr. Moore, Admiral Bristol and Col. Haskell, as well as from Armenians and British, state that the Armenian forces are overwhelmingly outnumbered, and that it is almost certain that they will be crushed if reinforcements and munitions do not arrive in the near future. Owing to the fact that most of the Armenian inhabitants of Turkish Armenia took refuge and are now concentrated in Russian Armenia, the conquest of Russian Armenia by Tartars and Turks would result in the practical annihilation of the Armenian nation."

F. T. Redwell Smith, who just came out of Armenia, made a report to the American mission at Paris, relating in considerable detail horrible conditions which he said existed. Massacres of thousands of Armenians were described and he said the American mission to Armenia saw great numbers of bodies, many of them decapitated, floating down one river, on the banks of which also were many dead.

FALSE BELIEFS BREED JAP HATRED, HE SAYS.

INVESTIGATOR FOR TOKIO GOVERNMENT FINDS MISCONCEPTION IN CALIFORNIA.

(By A. P. Night Wire.)

SAN FRANCISCO, Sept. 30.—Prejudice against Japanese immigration and consequent Americanization of the Japanese is founded on an incorrect interpretation of Japanese ideals, according to Takahida Okada, sent by the Japanese government to study the Japanese situation in this country.

Okada, who is Governor of the prefecture of Saitama, Japan, has just returned to San Francisco from a visit to Japanese colonies in California, and is expected to proceed to Washington soon.

He said today that he believed the effect of the Japanese upon the civic and industrial life of California could not be other than beneficial, as the tendency of the Japanese was toward the same ideals held by the native American. Okada declared there was a strong desire among Japanese in America to learn American customs and traditions as well as the English language, and hoped the immigration of Japanese women would soon be permitted.

"The Japanese do not desire to become affiliated in the political life of the country," he said, "but desire to devote themselves to art, science or agricultural pursuits."

Any occasional loss to the individual California farmer through Japanese competition, he stated, was amply repaid to the State in general through the cultivation of some of the arid lands of the central part of the State. As an example he cited the Livermore colony in Merced county, which region he said had been converted in fifteen years from a desert to a richly productive area by Japanese pioneers, many of whom lost their lives in their work, by reason of unaccustomed climatic conditions.

Alleged competition between Japanese land owners and laborers and Americans, Okada declared, was merely a result of existing laws which made full co-operation impossible.

BROTHERHOODS AWAIT WASHINGTON DECISION

POSTPONE WAGE CONFERENCE UNTIL DIRECTOR-GENERAL HINES HAS ACTED.

(By A. P. Night Wire.)

CLEVELAND, Sept. 30.—The special committee of the Brotherhood of Railroad Trainmen which filed requests for increased wages and changed working rules with the Director-General of Railroads and presented the demands to Director-General Hines at a conference in July, will not reconvene for at least two weeks, instead of on October 1, the date tentatively set at the adjournment of the July meeting.

President W. G. Lee of the trainmen stated today that he is in receipt of advice from the Director-General of Railroads to the effect that the board of railroad wages and working conditions, with which the request for increased rates of pay was filed, has handed its recommendations to the director-general and that the special committee handling this subject for the brotherhood will be called to Washington for a conference with the director-general, presumably within two weeks, or just as early as the director-general can obtain certain desired information upon the subject.

The special committee referred to consists of sixteen general chairmen, representing the entire United States, and eight vice-presidents of the brotherhood, who were given full authority by the recent Columbus convention of the trainmen to handle this subject, even to the extent of authorizing a strike vote to be taken in the absence of a satisfactory adjustment.

LOWELL SHOWS BORAH IS LOOKING BACKWARD

SAYS WASHINGTON WAS GREAT BECAUSE HE FACED FACTS OF HIS DAY.

(By A. P. Night Wire.)

BOSTON, Sept. 30.—President A. Lawrence Lowell of Harvard University today issued a statement in reply to remarks by Senator Borah in the Senate yesterday. Senator Borah, criticizing the League of Nations, said the views of President Lowell were not calculated to arouse enthusiasm for American traditions and American history, and that the Harvard president held in contempt Washington's farewell address.

President Lowell in his statement said: "I yield neither to Senator Borah nor to any other man in admiration of the farewell address, and of the great fathers of the republic, but I would not use them as a cover for present party politics. Never did I sneer at the farewell address, but I believe that the greatness of Washington was due to his looking the facts of his day in the face and determining his conduct thereby, instead of by utterances, however wise of 150 years before."

"I will trust the American people to make the right choice between the narrow-mindedness for love of country."

ERZBERGER FOES GET TAX-DODGING EVIDENCE.

OPPOSITION NEWSPAPER SHOWS HOW EASILY MARKS MAY BE SMUGGLED.

(By Cable-Exclusive Dispatch.)

COPENHAGEN, Sept. 29.—The new Berlin paper, Neu Berliner Zeitung, some time ago violently attacked Minister Erzberger. He was accused of not effectively preventing people from smuggling out of Germany, every day, jewels, money and papers, said to be worth millions. This is said to be one reason for the low mark rate. The manager of the Deutsche Bank declared 5,000,000 marks had been carried out through Denmark. Minister Erzberger on his side maintained that precautions established through his orders were strong enough to prevent all tax-dodging.

According to the Politiken it is now proved that it is possible to smuggle out money without using an airplane as did the Prince of Weid. A journalist for the paper carried a big trunk, large enough to contain money and jewels worth 50,000,000 marks in Kiel and got a yacht sailing for Danish harbors without a passport and customs examination.

The ship went into several Danish harbors and the passengers went ashore without meeting the authorities at all. A trunk may easily be taken to land, but the journalist wanted to reach Copenhagen.

Here the ship anchored in the crowded harbor without being troubled either by customs or police and the passengers brought their trunks to land in daylight. He carried his to the office of the Politiken. Here the trunk, which was sealed by a German notary, was opened in the presence of witnesses. It contained 400 marks and a picture of Erzberger.

MARGARET MAYO GETS DIVORCE FROM SELWYN

(EXCLUSIVE DISPATCH.)

RENO, Sept. 30.—Margaret Mayo Selwyn has secured a divorce from her husband, Edgar Selwyn. The cause was finally settled in Gardnerville, Douglas county, August 23, and by clever manipulation publicity was effectively suppressed until today. Gardnerville is located in the county which borders Lake Tahoe on the Nevada side, and while the plaintiff was enjoying her summer vacation near the resort, she was spending her six months necessary to perfect legal residence in the State of Nevada and at the same time was leading an obscure life. The petition of complaint alleges in the main cruelty as the justification for divorce.

They were married at Niagara Falls, N. Y., May 16, 1901. Their more recent history and successes in the cinema world are known to all theater-goers.

Exclusive DUO-ART Artists

The endorsement of such artists as these, who record their marvelous playing for the Duo-Art exclusively, is more than sufficient to establish this wonderful instrument as the world's greatest reproducing piano. The Duo-Art has perpetuated the playing of these artists for the delight and education of future generations. Made in the Steinway, Stock, Stroud and famous Weber models, both grand and uprights. Prices begin at \$1250.

According to the Politiken it is now proved that it is possible to smuggle out money without using an airplane as did the Prince of Weid. A journalist for the paper carried a big trunk, large enough to contain money and jewels worth 50,000,000 marks in Kiel and got a yacht sailing for Danish harbors without a passport and customs examination.

The ship went into several Danish harbors and the passengers went ashore without meeting the authorities at all. A trunk may easily be taken to land, but the journalist wanted to reach Copenhagen.

Here the ship anchored in the crowded harbor without being troubled either by customs or police and the passengers brought their trunks to land in daylight. He carried his to the office of the Politiken. Here the trunk, which was sealed by a German notary, was opened in the presence of witnesses. It contained 400 marks and a picture of Erzberger.

They were married at Niagara Falls, N. Y., May 16, 1901. Their more recent history and successes in the cinema world are known to all theater-goers.

MONTGOMERY BROS.

357 S. BROADWAY

THERE is no shortage of Waltham watches in Montgomery Bros. store. Our well known policy of selling only American-made watches—preferably WALTHAM watches—places us in the enviable position of having today a complete stock of all the new and desirable watches made by the Waltham Company—in Bracelet Watches and Men's Pocket Watches. No good number is missing from our stock. If your desire is to purchase a Waltham watch today or in the near future—we have the goods. We would be delighted to have the pleasure of showing you their many different styles and qualities, explaining their excellence and goodness.

—Waltham watches are good watches fairly priced—guaranteed timekeepers—at some price the price you wish to pay. We have a Waltham ready now in our showcase—timed and ready to hand over to you. Remember we have no foreign-made watch to sell. Ours is strictly an American-made stock. Again we repeat—preferably—a Waltham watch house. If your thoughts go toward buying a Waltham watch, couple the name Montgomery Bros. with Waltham and come to our store, and buy from our stock. We have other wonderful values in Men's pocket watches, besides the ones advertised on the right.

—The best are the 23 jeweled, 6 position Vanguard movement, \$79.00 — "the best watch for the least money made in the world today." Then No. 645, 21 jeweled, 5 position adjusted movement, \$50. The Riverside, 19 jeweled, 5 position adjusted movement, \$51. The Royal, 17 jeweled, 3 position adjusted movement, \$36—watches we are proud to sell because they are the best values human hands can make—at the prices charged. Others at less prices.

—May we not have the pleasure of showing YOU our Waltham Watch stock?

Please Do Not Blame Your Dealer

It is quite possible that your dealer has told you over the counter, "I am sorry, but I cannot supply you just now with a Waltham." To your inquiry as to the reason why he is unable to supply you with the watch you have set your heart upon owning, he has replied, "Waltham is behind on orders"—and he told you the simple truth.

We are behind. Paradoxical as it may seem, we are proud of it—and sorry at the same time. We are proud that Waltham watches and chronometers fulfilled their service on land and sea; and we are sorry that so many discriminating people must necessarily wait a little while for their possession of a Waltham Watch.

We could add many reasons for this unavoidable delay. It will suffice to say, that our country's safety and honor suddenly made demands upon our specialized equipment to supply our heroic army and navy—and there

was also many an empty seat in the Waltham factory.

Then, again, the processes entailed in making a fine watch are many, varied and delicate. A skilled horologist is not made in a day, a month or a year. Arduous and exacting training and application are necessary. True, Waltham genius has created wondrous machinery that outwits the finest cunning of human hands—machinery that performs miracles of exquisite labor when measured by foreign methods of manufacture—but in all work of surpassing merit the human mind passes final judgment and the human guarantee of approval is preeminent.

We are indeed proud that the Waltham Watch is a demanded watch. Thousands of prospective watch buyers have read our series of advertisements telling how the Waltham Watch is made, and why it placed "America First in Watchmaking." We are proud of their confidence

in the oldest and most renowned horological institution upon this continent. It is a tribute to American achievement, American leadership, American ideals. And we are very sorry to keep them waiting for the watch they desire.

If, then, you should be one of our waiting friends, do not blame your dealer. He would like above all things to give you your Waltham Watch immediately. Very likely his particular order will be filled next. He may not keep you waiting long. He knows that we are doing all that our tremendous resources warrant to help him help you, so have a little patience with us and kindly sympathy for him.

If he has the watch you want, pride and satisfaction are immediately yours. If he cannot supply you at once, you will eventually be repaid by a lifetime of time-keeping service when he does hand over into your possession your Waltham.

IT'S ALMOST AN IMPOSITION to ask a friend to assume the anxiety and responsibility of being an executor, trustee or guardian. It is our business to act in these capacities and our fee is the same as that which the law requires you to pay your friend.

It is well to remember that a Trust Company never dies and that its efficiency is closely safe-guarded by state control. In many details, our functions, as trustee, are more efficient because of the wide contact our officers have with matters of business and finance.

Mr. C. SUMNER JAMES is in charge of our Trust Department which opens for business at eight-thirty in the morning and remains open until five at night.

Our Banking Department opens at eight in the morning and remains open until ten at night.

DISPUTE BOARD INDUSTRY PLAN.

President's Conference Plans are Nearly Ready.

Conciliation will be Among First Subjects Up.

Participation by Labor in Management, Aim.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 30. — Proposals for the establishment of a council for settlement of industrial disputes, replacing the recently dissolved war labor board, probably will be one of the first subjects brought up for discussion at the labor and industrial conference called by President Wilson to meet here Monday. It was learned today from Department of Labor officials in close touch with the arrangements for the meeting.

Secretary Wilson has drawn up a tentative program for the conference, but the question of whether the meeting will be open to representatives of the press has not been decided. It was said today by those making arrangements for the meeting the question of publicity probably would be left to decision of the conference. A suggestion has been made that newspaper men not be admitted to the conference room, but that such parts of the proceedings as the conference decided to make public be given to the press as the conference proceeds. The plan would be similar to the recent White House conference between President Wilson and the Senate Foreign Relations Committee.

MAT NAME PROXY.
In event that President Wilson is unable to open the conference as planned, it is not known by officials here who the presiding officer will be although it was considered likely that the President would designate some one to act for him. Secretary Wilson, it was said by several officials, may submit a proposal for arbitration boards as he is known to look with favor on a plan providing for district boards of arbitration, the awards of which would be put in force by the issue of an injunction by the Federal court of the district restraining employers, who are parties to the dispute in question, from paying wages other than provided for in the award.

STRIKE RIGHT RETAINED.

This plan would preserve the right of the men to strike, but is expected to take away the incentive to strike, as employers would be restrained by a court decree from paying higher wages than the sum fixed as just by the district boards.

Some means of removing causes of dispute and of conferring a larger degree of participation by labor in the management of industry along the lines of the Whitley councils in England probably will be discussed, it was said. Whitley councils, so-called after the Scotch manufacturer and member of a British ministry of reconstruction committee who proposed them, have been established in more than fifty important British industries. There is a separate joint standing industrial council, as they are officially named, for each industry accepting the plan. In addition to the national council, district and local boards are created to handle problems arising within their jurisdiction. Both employers and workers are represented on the boards which deal with the general policy of the factory, the efficiency of the plant and similar matters, as well as with possible sources of friction between capital and labor.

PACIFIC COAST IS FOR LEAGUE OF NATIONS.

McADOO SAYS THAT COVENANT ENTHUSIASM ON SLOPE IS SPONTANEOUS.

(BY CABLE-EXCLUSIVE DISPATCH.)
CHICAGO, Sept. 30. — With his iron-jawed face tanned by the western winds, William G. McAdoo, former Secretary of the Treasury, stepped from a train which brought him and his wife and daughter to Chicago yesterday. Mr. McAdoo remained in Chicago just long enough to speak a few words to reporters, among which was the grinning remark:

"I have nothing to say at present as to the Presidential election—here raising his shaggy eyebrows—don't you think that question a little premature?"

"My trip East has nothing to do with the sudden illness of the President," said Mr. McAdoo. "His illness is simply due to overwork. He has wonderful recuperative powers."

"What do you think of the League of Nations?" he was asked.

At this question Mr. McAdoo took a sudden interest. He said enthusiastically:

"I am amazed at the reckless statements made by the opponents of the League of Nations. I find that on the Pacific Coast the sentiment for the league is far stronger than it is in the East. I also found during my last visit there that the people were more enthusiastic about it than they were in the spring."

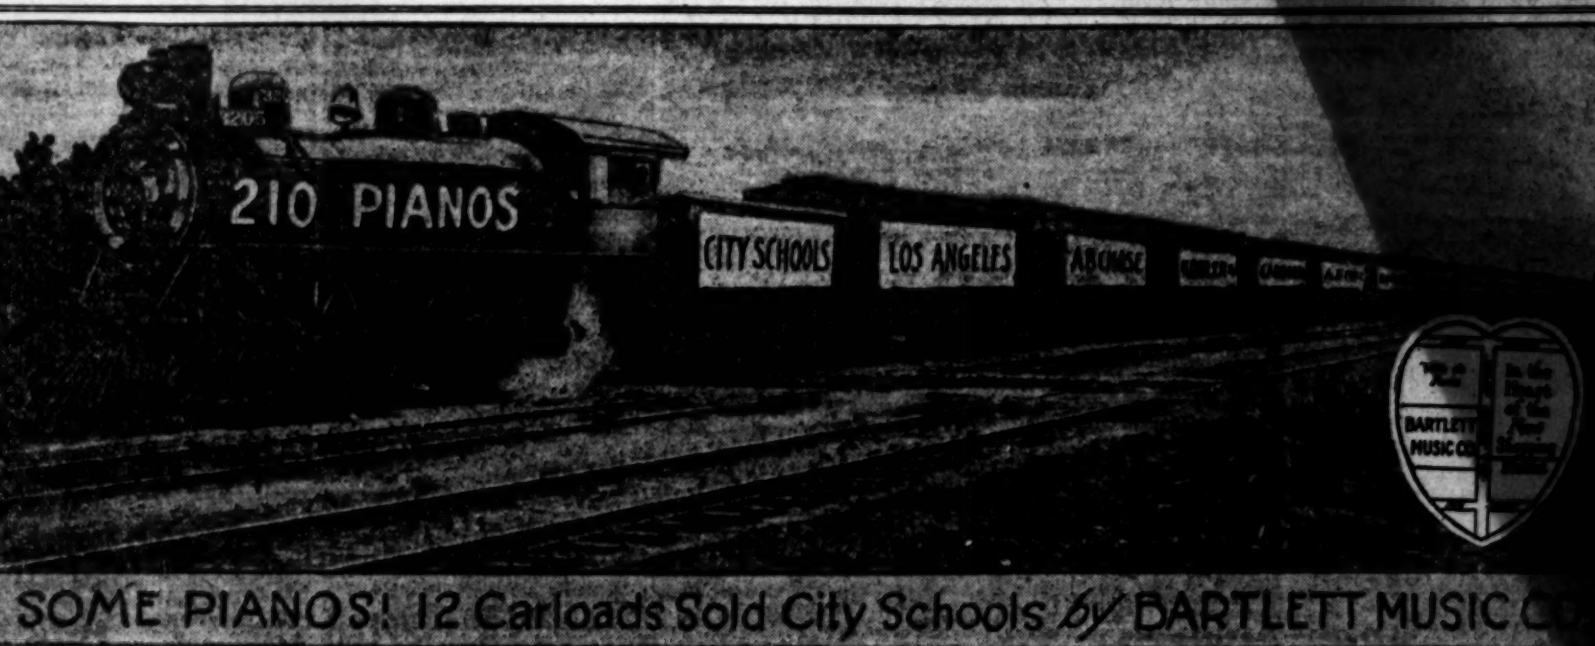

"I don't want to say that this is the direct result of the President's trip," he added, hurriedly.

"It had a great deal to do toward clarifying the situation, however."

"The statement of the opponents of the league that it gives Great Britain six votes to America's one is sheer nonsense or wanton misrepresentation. As a matter of fact it does not."

ARIZONA NEWS.

(EXCLUSIVE DISPATCH.)
PHOENIX, Sept. 30.—At a meeting of the Executive Committee of the Arizona Cattle Growers' Association it was determined to call the association together in Phoenix, October 15, to take action on possible indorsement of the Kendrick and Kenyon bills in Congress for regulation of the packing plants. O. B. Fuller of Los Angeles was present at the meeting, and attacked the bills as tending toward socialism. A defense came from Jerry A.

POL XXXVIII.

ANDIT SHOWN TO BE SUICIDE.

Shot from His Own Gun, is Found in Nyland's Brain.

Wounds Shows the Wounds by Police Were Slight.

He Saw He was Cornered so He Killed Himself.

Confronted by four police officers, the wounded and weak from loss of blood, Helmar Nyland, burglar and automobile thief, shot himself in the head early Sunday morning near Seventh and Olive streets, where he was being sought by police.

The fact that Nyland was a suicide was established yesterday following an autopsy and an examination of the body. A .32-caliber Remington-Union bullet was found lodged in the back of the head, the bullet having entered the brain.

The wound in the right leg, which was the only other wound found in the body, according to Autopsy Surgeon Warner's report, did not enter the body.

Detective Sergeant Hiekkala, who is investigating the case, declared that Nyland must have done away with himself when he saw that he was being cornered by the police.

It was believed that Nyland had been twice wounded in the leg and once in the right leg. Both the bullet which struck the head and the one which struck the leg were found to be a very slight scratch.

MAKING NEW ARREST. Detectives O'Brien and Moore, who were investigating the case, were on the street and arrested Helmar Nyland, 27 years of age, on a charge of burglary.

Where Nyland was first discovered, the police found a man who had been arrested on a charge of burglary. The man was recovered by the police at the Pacific Electric station, where he was being taken to the police station.

Additional point in the mystery surrounding Nyland's life was revealed yesterday when it was learned that he had been a city fireman, called at Central Police Station and claimed the same.

(Continued on Twelfth Page.)

LEADERS INDORSE PEACE LEAGUE.

Federal, Appellate and Superior Judges and Noted Economists Here Urge Its Ratification with Treaty at Once to Avert Grave Peril to the Nation.

The following powerful endorsement of the League of Nations plan as outlined by President Wilson was made public yesterday by leading jurists and economists of Southern California:

We have given careful study to the covenant of the League of Nations and have given due attention to the arguments which have been advanced in support and in opposition to the covenant. We have considered it from the standpoint of the interests of our own country and the Constitution by which we are governed. We can say, as American citizens, that in our opinion the United States can become a party to this covenant without danger to our institutions and the safety of our country.

Further, we see clearly that unless the Senate ratifies the peace treaty with the League of Nations that our country must stand alone against the world and we must enter upon a stupendous programme for naval and military armament which means a crushing burden of taxation upon every man and woman in America, and that our thought and energy must go for munition manufacturing rather than reconstruction and development of our resources for peaceful pursuits.

We urge every thinking man and woman to consider this matter wholly apart from partisan bias, racial hatred and national jealousy and to lend his or her influence to secure the ratification of the peace treaty with the League of Nations.

[Signed] N. P. CONREY, presiding justice, Department One, Second District Court of Appeal.

W. J. HUNSAKER, ex-president of the Bar Association.

BENJAMIN F. BLEDSOE, judge, United States District Court.

JAMES A. ANDERSON, ex-president of the Bar Association.

OSCAR A. TRIPPE, judge, United States District Court.

W. H. THOMAS, justice, Department Two, Second District Court of Appeal.

FRANK G. FINLAYSON, presiding justice, Department Two, Second District Court of Appeal.

LESLIE R. HEWITT, judge, Superior Court.

HENRY W. O'MELVENY, ex-president of the Bar Association.

JOHN PERRY WOOD, judge, Superior Court.

JOHN D. FREDERICKS, former District Attorney.

W. A. SLOANE, justice, Department Two, Second District Court of Appeal.

SILAS EVANS, president Occidental College.

ROY MALCOLM, professor of history, University of Southern California.

LOUIS W. MYERS, judge Superior Court.

DANA R. WELLS, judge, Superior Court.

FRED H. TAFT, judge, Superior Court.

ROSS AVERY, judge, Superior Court.

DR. ERNEST CARROLL MOORE, head southern branch, University of California.

GEORGE F. BOVARD, president University of Southern California.

CLUB WOMEN ACT.

Representing 16,000 women in the city and county of Los Angeles, the presidents' council of the Los Angeles district, California Federation of Women's Clubs has adopted resolutions, addressed to United States Senators Phelan and Johnson, urging them to work for the ratification of the peace treaty and the covenant of the League of Nations.

The resolutions were unanimously adopted by nearly 100 club presidents at a meeting presided over by Mrs. Thomas Sidney Exley, district federation president.

Mrs. Taylor, president of the Pasadena Shakespeare Club, presented the resolutions, which read as follows:

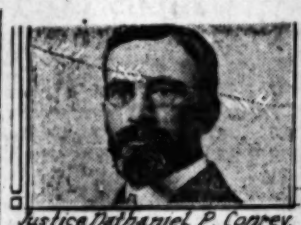

"Resolved, that the presidents' council of the Los Angeles district Federation of Women's Clubs, assembled September 27, 1919, approves the ratification of the peace treaty and the covenant of the League of Nations, and that telegrams be sent to Senators Johnson and Phelan notifying them of such action and requesting their support of the same in the United States Senate."

NEW HEADQUARTERS. At the same time that the organized club women of city and county are increasing their activities on behalf of the League of Nations, an announcement was made yesterday by W. M. Bowen, chairman of the League to Enforce Peace, that the local organization for peace has been obliged to secure new headquarters in order to meet the demands of the public in campaigning for the League of Nations.

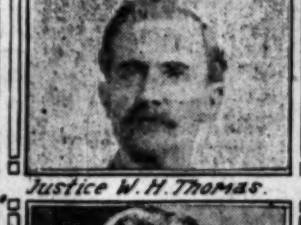

Moving from its former headquarters on Second street, the league yesterday opened offices at 419 California Building, and from these new quarters a lively campaign will be waged in the interests of the League of Nations.

"Public interest in behalf of the League of Nations and the demand for the ratification of the peace treaty are increasing so rapidly that we could no longer work in the old headquarters," Mr. Bowen said yesterday in making the announcement. "From every part of Southern California the people are exhibiting a tremendous interest in the question, and our headquarters are busier than they have ever before on behalf of the League of Nations."

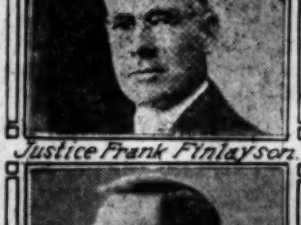

Literature and propaganda for the League of Nations can be secured at the new headquarters. It was stated yesterday, and telephone numbers will be announced tomorrow.

PRICE BOARD TO END WORK.

Mayor's Committee to Quit or Join Federal Body.

Despite its Investigations Costs Steadily Soar.

Can't Stop Profiteering if Unable to Prosecute.

Because of lack of scope and authority, the Municipal Fair Price Committee appointed recently by Mayor Snyder will be dissolved or will merge with a new board under the supervision of the Federal government, within the next thirty days. Inability of the local board to act outside the city is given as a reason for the probable merger, but lack of funds is the principal one.

The Council recently, on advice of the City Attorney, refused to grant the board \$500 with which to investigate.

Since the board's first meeting in the early part of September, prices of produce have steadily increased. Butter, eggs, chickens, potatoes and onions, all staple products not subject to daily fluctuation due to rain or heat, have advanced to a noticeable degree. The inability of the board to question or advise members of the produce exchange has permitted these prices to soar.

BOARD'S CHARGE. A great deal of testimony has been given the board showing that there are agencies in this city fixing the prices of most necessities. Reports have been made to the United States District Attorney's office on this subject but no action has yet been taken to prosecute. The committee charges that there is a sugar combination, a board that fixes the wholesale prices of groceries, a produce combination composed principally of Japanese, an understanding between the milk dealers, and concerted action by nearly every other group of wholesalers in the city in an effort to keep prices as high as possible.

In every investigation the committee has cleared the retail dealers as a class of responsibility for high prices. The board says it has carefully looked into the matter and found no evidence that retail dealers are making more than a just profit. Its inquiries have been only in the food line, but wearing apparel dealers are to be investigated.

"I am in favor of any action that will lower the cost of living," said Mayor Snyder yesterday. "I greatly regret that the inquiry has been only in the food line, but wearing apparel dealers are to be investigated."

FOR CONSOLIDATION. Dr. Thomas H. Lane, chairman of the committee, believes a merger of the city and county boards is the only way to handle the problem. He said yesterday, "We must beat around the bush. We call witnesses and we can not put them under oath. They tell us as much as they please and some have even failed to respond when we have asked them to appear. We have been unable to get at the root of the situation."

(Continued on Seventh Page.)

CALLS DIVORCE TOO EASY.

The law here makes it entirely too easy to get a divorce. There are too many grounds for divorces," stated Judge McCormick yesterday after trying and denying the case of Mrs. Mary A. Merritt and John H. Merritt. She had been married four years and had a fourth husband with cruelty, in a separate maintenance action. Mr. Merritt sought a divorce in a cross-complaint.

The case, Judge McCormick said, "is illustrative of the laxity of California divorce legislation. The only practical solution of the divorce problem, it appeared to him, is the unification of marriage and divorce laws."

"Make the divorce harder to obtain," he said. "It is often difficult in a divorce case to get at the real cause of the separation, particularly in default cases. Both parties to the suit color their narratives with self-interest. Seldom are the witnesses impartial."

Mrs. Merritt had a happy first marriage. She married and remarried trying to find a good man, she said. "John courted me two years and he knows I have got a sweet disposition. I married him just to please him. He said he could not live without me," she declared.

REPORTS ON FIRE. P. E. Shope's Blase Not Incendiary is Fire Committee's Report.

The Fire Prevention Committee of the Chamber of Commerce yesterday sent to the City Council its report on the fire at the Pacific Electric shops on September 10. The report states that investigation has failed to reveal any evidence that the fire was of incendiary origin, but that it appears the fire alarm wires were short-circuited, and that this resulted in delays in getting alarms turned on to headquarters.

Husband Says He Had to Care for Baby.

YARDS TO RUN, STRIKE OR NO.

Washington Concession Seems of Small Avail Here.

Companies will not Pay the Rise Out of Profits.

Men Disposed to Hold Out for Even More Now.

Mrs. Queenie M. Wood Leaving Courthouse. The others are (left) Louis G. Guernsey, her attorney, and Harry Schenck.

SHE'S LOSER AND WINNER.

After two tries at the divorce court, decrees being denied at each trial, plaintiff Mrs. Queenie M. Wood, wife of Guy C. Wood of this city, had seemingly an open field for a third try.

She was in Judge Crail's court yesterday pressing an action charging misconduct on the part of Mr. Wood with Margaret Hanchey, as well as desertion and non-support. As Judge Wood had adjudicated the incident in Venice in which Mr. Wood and Margaret Hanchey are said to have figured, Judge Crail denied the decree.

Mrs. Wood, in a cross complaint, complained that his wife and Harry Schenck had been seen in each other's company, and said that his wife had followed him around. He declared she would not stay home at night and he had to care for the baby. She retorted by saying her husband himself liked to wander out at night.

Mrs. Wood, it was testified, had declared she no longer cared for her husband. Zue Mahary, the landlady of the apartment-house where the co-respondent in the case was said to have lived, testified he had seen Mrs. Wood in his room, buying herself with the household goods. But Mrs. Wood indignantly denied this.

"It is ridiculous," she said, "because this man's wife lived just around the corner."

Judge Crail denied the cross-complaint, so there were two lower decrees where the co-respondent was happy because he had been vindicated.

TO PROVIDE CHANNEL FOR TEJUNGA WATERS. In order to provide a channel for the waters of the Tejunja wash, the Los Angeles County Flood Control District yesterday filed suit in superior court against the property owners, the court to fix the value of the property desired as right of way. The defendants include Frederick G. Abel, the city of Los Angeles, the California Edison Company, the North Lankershim Company, the Public Service Commission and others.

BULBS IN GRAVEL.

Beautify Your Home by Raising Spring
Flowering Bulbs Indoors.

Garden owners are busy with bulb catalogues these days, planning for spring glories of daffodils and hyacinths, for tulip borders and freesia beds, but the apartment-house dweller can plan for bulb gardens, too, for many of the beautiful spring-flowering bulbs may be grown in artistic flower jars containing only water and clean white pebbles that will prove attractive to the most fastidious. We have all seen this method employed for the Chinese lilies, but few persons realize that it may also be employed to good advantage for other bulbs. Many bulbs may be grown from the first in the pebbles, but there are better results from starting them in the usual way in soil in boxes or flower pots, and then transferring them to the pebbles when they show their buds. To do this it is only necessary carefully to wash the roots

The Chinese lily is the best known

Palace Brand Pure Pork Sausage
Delicious These Cool Mornings.

This is sausage season. Nothing is so delicious
or healthful for breakfast as Palace Brand Pure
Pork Sausage. Made fresh every day. Pack
in pound cartons. Try it.

PALACE MARKETS

611 S. Main--114 W. Sixth

Central Bldg. Opp. Pac. Elec. Station

SEE-SAW STUFF.

"My wife watches the sugar
market closely."
"Speculating?"
"In a small way. She bor-
rows when it's high and pays
back when it's low."

of the water-grown bulbs. Planted
with the water-grown bulbs, you should
have an abundance of blossoms for
the holidays. In planting remove
the outer brown coats of the bulbs
and make three or four vertical cuts
in the outer scales to give greater
freedom of growth for leaves and
buds. Then bury the bulbs in
the pebbles nearly to their tops
if the bowl is deep enough, or set
them on top if the bowl is shallow.
In either case, keep them in the
light in a cool, uniform temperature,
especially for the first three weeks.
By far the most satisfactory way
to grow the paper white narcissus
is in pebbles. Bury the bulbs well
in the little stones so that only the
tops show. They will then remain in
position and not be pushed out of
place by the growth of the roots, as
so often happens when they are not
set deep enough. Give them plenty
of light from the time the leaves
start, so that they will remain erect.
The daffodil is essentially a water-
side plant, and it seems to be hap-
pily placed when the bulbs are
buried in pebbles glistening with
moisture. The plants bear the trans-
fer from pots very well and come
into blossom perfectly. The larger
bulbs can easily be grown in the
pebbles from the first. For the dining
table it would be difficult to fancy
anything more attractive than such
a display of daffodils.

The formal beauty of the Dutch
hyacinth renders it an ideal plant for
displaying in pebbles held in low,
wide flower bowls. One blossoming
bulb in a round, deep bowl a few
inches in diameter is very effective,
while several in a larger bowl make
an irresistible attraction. With these
it is best to use bulbs started in
pots or boxes, transferring them to
the pebbles just before they blossom.
In washing the soil from the roots
be careful not to break any more
of them than is necessary.

Crocuses are particularly beautiful
for growing in this way. The bulbs,
started in soil until the flower buds
show, may be readily washed free
from dirt and the outer membranes
removed to show the glistening white
surfaces of old and new bulbs. Then
bury them in the pebbles and keep
water in the lower part of the bowl.
The buds will open into blossoms,
several appearing in succession, and
the plant will make a most attrac-
tive table decoration for a fortnight
or more. Large flower bowls
are especially effective for these. The
King of the Blues is one of the best
varieties of crocus for forcing in-
doors.

Planted at intervals during the
next two months, you can have an
abundance of blossoms in your home
with very little care or expense.

Also, it would be difficult to find
a more delightful or easily-prepared
Christmas remembrance than these
bulbs make.

WHEN YOU MEND.

Old sheets which have passed
the stage of usefulness should be
torn in half, the more solid outside
joined together for the center, and
the thin parts, once the middle,
trimmed away and rehemmed for
outside. This brings a seam down
the middle of the sheet, but since
the princess who felt the roseleaf
through a dozen mattresses is no
more, the seam must be endured.

If the towels are thin in the
center, the good part may be cut away
and made into wash cloths, silver
polishers or what not. If at the
ends, cut off the split portion and
hem the towels, setting them apart
for occasional use.

In sickness there is nothing so
comfortable as little soft, fresh
towels which may be thrown aside
after once using, and besides mak-
ing them out of the larger towels,
the good part of the discarded table
cloths may also be used. In-
deed, if old table cloths are of fine
damask their uses in the sick room
are endless, and in the case alone
of the new baby, whose swaddling
things should be of the softest ma-
terial, big hemmed portions are in-
valuable for first diapers and bath
and crib sheets.

When it comes to blankets there
are many ways and means of do-
ing them over. If the blanket is
good enough merely take bits from
an older one, patch the holes and
rehem the ends, which, with long
use, split up in ways dangerous to
blanket health. If there are little
holes, ravel out some of the edge
for darning wool and mend them
with a coarse needle. These darts
show but little, and it is a satisfac-
tion to think you don't have to pay
a lot of money just yet for a new
pair.

WANT HOUSEWIVES IN NEXT CABINET.

Housewives should demand repre-
sentation in the President's Cab-
inet through creation of a food
portfolio, Mrs. Julian Heath, Presi-
dent of the Housewives' League,
recently declared.

"Every class in the country is
represented in the Cabinet but the
housewives," she said.

"The housewives are the ones
who suffer most from high prices,"
Mrs. Heath has addressed a let-
ter to President Wilson, in behalf of
the housewives of the country,
commending his campaign to reduce
living costs.

She has sent telegraphic orders to
officers of the Housewives' League
in every city, instructing them to
begin local attacks on interests
that are holding up prices.

"The lighting effects in 'Broken
Blossoms' open a new horizon for
motion pictures and establish Mr.
Griffith as the master etcher of the
screen."—N. Y. Evening Sun.—[Ad-
vertisement.]

Products that Packers Sell

Their Number Grossly Exaggerated

The Federal Trade Commission has
published a list of some 640 articles said
to be sold by the packers.

This list is ridiculously padded in
order to scare people into the belief that
the packers are getting control of the
food supply of the nation.

For example, the list includes not only "beef
sides" and "beef cuts," but also over 60 other items of
beef products and by-products.

Over 90 articles listed are not sold to the outside
trade but are raw materials and supplies, such as
brick, cement, etc., used by Swift & Company in
carrying on its business.

Glaring duplications appear, such as "sardines"
and "canned sardines"; "butterine" and "oleomar-
garine"; "dried sausages" and "dry sausage," etc.

The list includes 37 kinds of sausage; 4 dif-
ferent kinds or preparations of beef tongue, etc., etc.

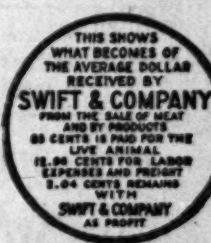

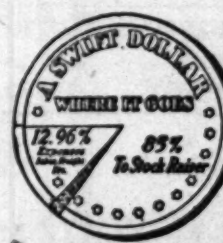

Simmered down, Swift & Company handles in
addition to meats and meat by-products, only butter,
eggs, cheese, poultry, canned goods, lard substitutes,
and to a very small extent, dried and salt fish. And
the proportion which we handle of the total supply
of any one of these is absurdly small.

Do you want to be fooled by such misleading
and ridiculous statements of the Trade Commission?
Do you want radical legislation based on such absurd
evidence?

Let us send you a "Swift Dollar."
It will interest you.

SAVING IN THE KITCHEN.

It isn't so common nowadays to hear praise of the housewife whose kitchen floors are scrubbed to such snowy whiteness that one wouldn't mind dining from them, but there are still many housekeepers who cling to that traditional indication of the immaculate housewife, the bare kitchen floor—the chief end of which is mainly to be scrubbed. A good piece of linoleum used with any degree of care will last for years. The most satisfactory finish for preserving the linoleum is to give it a coat of paste wax. The best way to do this is to scrub the floor thoroughly with hot water, wipe dry with a soft cloth and while the linoleum is still warm apply the paste wax. Rub it in thoroughly, allowing the linoleum to absorb as much as it can. A pound can will

usually suffice for the average sized kitchen. Spots on a waxed floor are easily removed and if necessary to give any portion of the floor a hard scrubbing a little liquid wax should be rubbed over the spot. In applying liquid wax the best way is to place a small quantity in a few folds of cheese cloth and rub lightly over the floor. A thick springy mat will save much wear of the kitchen floor and the housekeeper's strength. Standing is the hardest form of exercise, more exhausting than walking, particularly if standing on an unyielding surface. An ideal kitchen rug is made of thick coons matting with the cut ends securely bound to prevent raveling. Rugs made of heavy carpet samples are also satisfactory and by watching the special sales of these samples it is possible to pro-

vide attractive designs at a very low cost. The height of a woman's kitchen sink and work tables are important factors in her well-being and well-doing. She can't do as much or as good work and feel well and strong with her sink and table so low that she has to bend over to work, or so high that she has to "reach up," as she would were they the proper height. As a general rule, thirty-two to thirty-six inches from the floor is the height for general work tables and the bottom of the sink should usually be thirty to thirty-one inches from the floor, the home economics kitchen of the United States Department of Agriculture suggests. However, each woman ought to find out for herself the height of the table at which she can work most easily and efficiently, and see that her work tables and sink are adjusted accordingly. Legs which are too long can be cut off, and those too short can be raised by blocks under them. But since standing is such an ex-

hausting exercise anyway, ever, housewife should conserve her strength by having an adjustable stool, such as book-keepers use. What if some of the neighbors should comment on "such a lazy way to work?" It's such a restful way! And you'll soon find that dishes can be washed, clothes ironed, jelly stirred, cakes beaten just as readily as when you toiled standing. **THE DINING-ROOM.** Underneath the dining-room table should always be found a small hassock or footstool for the mother or the child whose feet just miss the floor. Mother is wonderfully rested by bringing her feet from the floor, where there is less strain and no rush of blood to them. Children are often restless at the table for the same reason. "Broken Blossoms" is not everybody's picture. But you would hate to be one for whom it is not.—Ash-ton Stevens.—[Advertisement.]

USING KITCHEN SAVERS

A clever housewife can always find new uses for her kitchen tools. One of them writes how she utilizes her jelly bag holder. The frame is of heavy wire, has a strong handle and can be adjusted to different sized kettles, so she has a number of bags of different materials to slip on the frame. She strains milk through them and uses them in making cottage cheese. When she is canning and wishes to blanch the fruit or vegetables she slips a large bag on the frame, fills it with the fruit and dips it into a kettle of boiling water. The water can be kept boiling and used over and over again and there is no danger of scalded hands as when the boiling water is poured over the fruit. When potatoes, carrots, beets or other vegetables are to be peeled she washes them, places them in a bag attached to the strainer frame, immerses them in boiling water and boils for a few minutes until the skin is loosened, then lifts the bag from the water and lets cold water run over until cool enough to handle. The peeling will slip off readily without any waste. Instead of tying calico in a cloth to keep it from breaking to pieces in the cooking, she cooks it in a smaller bag attached to the frame and uses the same method in steaming suet and other puddings. The bags can be quickly removed and are scalded and washed and her hands are saved many a discoloration and burn.

BOON IN HIGH RENT.

Kansas City Judge Finds Silver Lining to Clouds of Gloom.

According to Judge Thomas B. Buckner of the Circuit Court of Kansas City the rent profiteer may prove a real benefit to every community without realizing it. The jurist believes that the man who has his own little home is a better citizen and makes for good government. He says: "The rent question is different from other matters. Rent should be as high that persons on the score of economy, would be compelled to own their own homes because they could not afford to pay rent. As long as it is cheaper to rent than to own one's home, just so long will persons rent. Home owning should be the desire of every man with a family. The rent has no right to complain of high rent, because he should own his own home. It's appalling the number of persons who go through life content to be tenants without ever realizing the satisfaction of owning their own homes. It's only the lazy, idle rich, without children, who can afford to dwell in flats where everything is furnished. Being a home owner makes a better citizen and gives one a desire to have a voice in public affairs. That would give us better government. "If you can't own a big house get a little one. If you can't own even a small one, get a tent until you can. But by all means get a home, raise a garden, chickens and children and be a real, independent, self-respecting citizen. Judge Buckner said the way to reduce the high cost of living was to quit living high; to economize and to buy only such things as are actually needed. Then, he said, prices would soon come down.

SOME SMART BLOUSES EASILY HOME MADE. In viewing some of the very smartest blouses in the Los Angeles shops one might almost think that the original designer of the over-the-skirt blouse had the home dress-maker and her limitation in mind as the inspiration for this very popular garment. There can be no denying that it is easier to make than the blouse that must be drawn in at the waist line and made to fit the figure. Practically all of the long blouses are perfectly straight in line, with only a girde or belt to indicate the waist line if a fitted effect is desired, while equally as many are allowed to hang straight. A smart and unusual straight smock blouse in hip length recently seen was made of heavy satin with a deep band at the bottom done in cross-stitch embroidery in contrasting color to simulate smocking. The sleeves were similarly finished. Another straight blouse recently brought out was a straight, hip length affair, cut on smock lines, and made of heavy lace founcine. The scallops of the lace forming the edges of the blouse. A lining of chiffon in color formed the foundation of the blouse. The sleeves were long and bell shaped. The lovely fabrics that are obtainable this season and the very simple styles that have received the unqualified approval of Dame Fashion join forces to make the work of the home dressmaker easy. Good taste in selecting fabrics and judgment in determining what style is best suited to the individual figure, together with the ability to do fine hand work, are all that is required for the successful development of these blouses.

JURY IS CHOSEN FOR TRIAL OF HENDERSON. KARR REPEATS EVIDENCE IN BRIBERY CASE OF COLORADO POLITICIAN. After a day and a half's close examination, a jury was selected in the Henderson bribery case before Judge Houser yesterday and the evidence opened at the re-trial with the reading of the depositions of Charles L. Wilde, City Clerk, and F. A. Bennett. Horace W. Karr, the prosecution's star witness, began his testimony yesterday afternoon and repeated his evidence given before a jury in Judge Wilde's court last July, at which time George Henderson, colored politician, was convicted of offering and agreeing to give a bribe to former Mayor Woodman. Many telegrams which Mr. Karr said he sent and received were offered in evidence. At the conclusion of Mr. Karr's testimony, he will be cross-examined by Attorney Jud Rush. The jurors who are trying the case are: Mrs. Royal H. Crist, Mrs. E. A. Carr, Mrs. Gertrude L. Fiske, Mrs. Elizabeth E. Eaton, Miss Josephine Denton, Helen M. Rove, Mrs. John C. Rau, E. G. Purges, George Foster, A. S. Giddens, William J. Miller and Henry D. McDonald.

ON LIQUOR CHARGE. Jack Moore was arraigned before United States Commissioner Long yesterday on the charge of violating the War-time Prohibition Act. He was held in a bond of \$500 for his appearance next week. The arrest was made by Deputy United States Marshal Walton.

Appellate Court Sustains Finding of Jury Here

Good and Won Widow, Her Property, Sold It

Put on Bail, Now Bonds Seek His Whereabouts

Judgment by a jury in Superior Court last summer finding George A. Fox guilty of murdering \$106.25 from Mrs. Walters of Santa Ana, was affirmed by a decision of Division One of the District Court of Appeals here yesterday. It was written by Justice Shaw. Mrs. Walters, a divorced woman, met Fox at Seal Beach one night in 1916, and he immediately procured a passport for her when he told her she was the owner of one of the most beautiful ranches in Orange County, and one of the picture people of Santa Ana. Fox was so successful in his promises that he not only secured the passport for her, but also made love to her when he told her she was the owner of one of the most beautiful ranches in Orange County, and one of the picture people of Santa Ana. Fox was so successful in his promises that he not only secured the passport for her, but also made love to her when he told her she was the owner of one of the most beautiful ranches in Orange County, and one of the picture people of Santa Ana. FOX LOSES; BUT
WHERE IS HE?Appellate Court Sustains the
Finding of Jury Here.Food and Won Widow, Got
Her Property, Sold It.Out on Bail, Now Bondsmen
Seek His Whereabouts.

Judgment by a jury in Superior court last summer, finding George A. Fox guilty of embezzling \$5106.25 from Mrs. Anna Walters of Santa Ana, is affirmed by a decision of Division No. 1 of the Court of Appeals, handed down yesterday. It was written by Justice Shaw.

Mrs. Walters, a divorced woman, met Fox at Seal Beach one night in 1914, and he immediately proceeded to make love to her when he found that she was the owner of one of the most beautiful ranches in Orange county, and one of the picture places of Santa Ana.

Fox was so successful in his at-

tentions that he not only secured

the promise of Mrs. Walters to mar-

ry him, although Fox already had

a wife and daughter in Portland,

he induced the confiding woman

to turn over to him her entire

estate, the value of which has been

estimated as high as \$75,000.

In the opinion of the court finds

that there is no doubt of the guilt

of Fox, and that there was no error

in the ruling of Judge Craig

allowing the trial in the lower court

to be sent to San Quentin for

imprisonment for the indetermi-

nate term of from one to twenty

years. It will now be up to the bonds-

men to locate Fox. He attracted

attention some months ago

by paying the delinquent taxes on

COUNTY SAVES
IF MANDAMUSED.If Long Beach Gets Writ
County Won't Have to
Pay for Bridges.

"If the city of Long Beach

mandamus us and the writ

is granted by the courts, the

Supervisors will be relieved of

the responsibility of appropri-

ating the money to build

extra bridges demanded by

Long Beach in the flood-

control channel proposition,"

stated Supervisor Bean yester-

day.

The City Trustees have de-

clined so far to vacate the

streets through which the

channel is to be dug. The

county is willing to build

three bridges, and a fourth, if

necessary. The city wants the

fourth bridge included, and

the matter is hanging fire.

The county is anxious to start

work on the channel in prepa-

The Riverside county desert acres

owned by President Wilson, but

when the local Democratic Cam-

paign Committee found Fox was in

jail, it saw that Fox's money was

refused to him, and the taxes

paid through the regular channels.

WOULD ANNUL MARRIAGE.

On the representation that her

husband was dead, Edward B. Pitch-

er asserts he was induced to marry

Nona M. Hollister. Subsequently, he

discovered that her husband was

alive and undivorced. Yesterday Mr.

Pitcher sued to annul the marriage.

"In D. W. Griffith's 'Broken Blo-

soms' the picture poem has come."

FAILS TO SHOW
DURESS USED.Woman Charges Husband and
Sisters with Threats.Seeks to Set Aside Deeds
Given for Property.Forgery Accusation Plays a
Part in Family Suit.

Mrs. Eloisa S. de Musso, who

sought in Judge Monroe's court yester-

day to set aside deeds to property

valued at \$40,000, claiming that

they were signed by her under du-

ress, lost her suit.

Mrs. De Musso declared that she

had been frightened by her hus-

band and three sisters into signing

away her rights to a three-fourths

interest in the property.

They told her, she testified, that

the will of her mother, Ysabel S. de

Santa Cruz, had been forged. Un-

der it Mrs. De Musso was given

three-fourths of the estate. The

sisters were also declared to have

threatened her husband, John Mus-

so, with prosecution unless Mrs. De

Musso agreed to an equal division

of the property among the four

daughters of Mrs. De Santa Cruz.

The will had been admitted to

probate and the property distributed

according to its terms. When the

forgery charge was made, Mrs. De

Musso said she signed the deeds and

set up that this prevented her ob-

taining the full share of property

to which the will entitled her. The

defendants were the sisters, Mrs.

Delina S. de Chapman, Rosaura S.

de Flores and Amelia S. de Nadeau.

John Musso and Grainger Hyer, the

latter joined as trustee.

PULLED HER OUT
OF BED BY HAIR.Story of Husband's Method of
Making Her Get up Wins
a Divorce.

Mrs. Gertrude Hodgen,

testifying in her divorce pro-

ceedings against Homer

Hodgen, in Judge Crall's

court yesterday, told the court

of the methods she says her

husband used to get her out

of bed. They were rather

unusual, she said, and the

custody of her four children.

She said he frequently

would tell her that the Lord

was calling her. He varied

this by pulling her out by the

hair. Again, she said, he

struck her in the face.

She said she left him be-

cause of his cruelty. She was

giving a decree and the

custody of her four children.

OPPOSE WARRENITE.

Owners of Property Where Paying

Is Being Used Now Object.

Since Mayor Snyder began his

campaign against the use of patent-

processes in street paving, because

of the necessity of paying royalties

thereon various petitions have been

received by the City Council from

property owners where street

proceedings have been started

that Warrenite be rejected and other

paving material be used.

The question arose in the Council

yesterday as to whether in such

cases it was necessary to abandon

all proceedings to date and institute

new proceedings, and the City En-

gineer asked that he be instructed on

this matter. The Council asked the

City Attorney for an opinion.

SEEK TO END
TRAFFIC JAM.Council, Commerce Board
Men go on Tour Today.Chamber Committee Reports
After Year's Study.Advocates Circle Boulevard to
Encompass City.

Members of the City Council and

of the city planning committee of

the Chamber of Commerce are

scheduled to go on a joint tour of

inspection this afternoon to look

over the proposed method of diverting

traffic from downtown streets,

and also the suggested route of a

circle boulevard which would en-

compass in one continuous ride all

sections of the city.

The Chamber of Commerce com-

mittee, of which W. H. Pierce is

chairman, was appointed a year ago

to study the needs of the growing

city from the standpoint of widen-

ing of streets, opening of new streets,

civic center, improving of parks, the

building of a storm sewer system, lo-

cation of railroad terminals, exten-

sion of boulevards and diversion of

traffic to and from downtown street

congestion. The committee has trans-

mitted to the directors of the cham-

ber a preliminary report, and yester-

day the committee proposed to the

City Council the tour of inspection.

TO AVOID DOWNTOWN.

Chairman Pierce said yesterday

that the committee believes the most

immediate and pressing need is to

cut through College street and open

up North Figueroa street, so that

traffic from Pasadena and other San

Gabriel Valley cities can go to and

from distant parts of the city and

beach sections without coming

through the North Broadway tunnel,

as at present, and going through

the crowded downtown streets.

Seventy-five per cent. of the pro-

posed circle boulevard is already con-

structed, and there remains only to

improve connecting links. In order

to have a completed boulevard, the

committee report says. The route of

the boulevard, beginning at Griffith

Park and Los Feliz road, would be

westerly to Western avenue, south

on Western avenue to Wilshire

boulevard, thence to Crenshaw, to

north terminals of Mesa drive, and

through Angeles Mesa to the high

ground overlooking Los Angeles. In-

glewood Valley and Redondo Beach,

thence turn one-half mile to Cypress

avenue, south to Manchester avenue,

and across the city to Compton

boulevard, north to Florence, east

to Pacific boulevard, north on Pa-

cific boulevard to Sixth street, and

Santa Fe avenue, thence via Twen-

ty-sixth street and over the bridge of

the Los Angeles River in the city

of Vernon, formerly the old city

boundary line, to a point opposite

the southern terminus of Loreana

street, thence to Ditman and Gage

streets, to railroad by way of El

Monte road and Farmdale avenue.

PAYING THE COST.

With the Council rests the respon-

sibility of carrying out the sugges-

tions of the Chamber of Commerce

committee. The burden of the cost

of the improvements, the committee

believes, should fall generally upon

the entire city by taxation, and also

by district assessment.

The members of the Chamber of

Commerce committee are: Chair-

man, W. H. Pierce; C. H. Toll, Wil-

liam Mead, A. C. Robins, Frank Gil-

lilton, J. B. Lippincott, H. O. How-

good, C. F. Guthrie, Irving Hell-

man, A. F. Johnson, S. F. Hunt, R.

PEN POINT

BY THE STAFF.

Propaganda is the argument the other fellow puts up.

King Alfonso of Spain is in France. He was too busy there from 1914 to 1918.

Speaking of the trees fellow William Hohensolter, we want the family tree was included?

The Peruvian Congress has formally opened. So has ours, it doesn't seem to get us anything.

The strike of the steel workers making a noise like a wet frog to which a match has been piled.

Anna Held's estate is estimated to be worth about \$200,000. Including that often virtue has its own ward.

Davy Lloyd George is coming dear old America. The latches will be out for the distinguished Welshman.

The English government make another attempt to settle the Irish question. Good-by, take o' yourself.

When a law is enacted in country making it necessary to kiss the Bolsheviks we propose lead a revolt.

This is certainly the day of the Red. John Barrett, director of the Pan-American Union in 1907, has resigned.

Many a man can be seen wearing his lawn this evening while only doing it to avoid being drawn to the picture show.

Don't take much stock in the Chinese for spanking purposes. He has never been anything but a boot to a shingle for that somewhat necessary sport.

The Sultan of Djibouti has three hundred wives. Wonder they all wear George's waistcoat, we can figure out how he is against it about all the time.

It is now possible to go to the beach on pleasure and vacation. The men and women with red will incline to the view that the better form to "see America" is in it.

After the peace treaty is signed and signed we shall still have to talk about prohibition, Russia and politics. It is one right after another in this old world.

The trip of King Albert of Belgium and his Queen to Los Angeles afford an opportunity for observing women to note the difference between the lady worn by the Queen and Mrs. Wilson.

Clemenceau wants the United States Senate to hurry up and ratify the covenant of nations. A majority of the American people are of a like opinion. That is to make it unanimous.

Turkey is still on the map there is nobody more surprised than the rulers of that nation. The ruler of the proposed dismemberment of Turkey was the fact that the gates ought to be mandatory the dogs of Constantinople.

Now for that great municipal auditorium project. But something needed to make it a success has not air. A city the size of Los Angeles ought to be mandatory the audiences of thousands could be accommodated. No time should be lost in providing for it.

Is it possible that, as the report, six gamblers have been arrested by the police? Uncle Mike P. Snyder said he would drive such undesirable out of town as was elected. But Meredith has so busy caring for our visitors he has probably overlooked this matter.

The clocks will be set back hour following the report of the light saving law in a month. Was a measure that increased national efficiency, conserved cost the summer months, reduced for artificial lighting and saved workers in the cities and industries an extra daylight retention hour. But because it clashed with habit and tradition and it violated a few farmers it was pealed.

The Democratic National Convention has been in session at Atlantic City, laying plans for the national campaign. It might be to arrange a programme, but it not work after the election, for some unnecessary to state. The idea of the alleged party of the most people assembling at the Atlantic City is enough to make the nation turn over in their graves and emit raucous yells of derision.

When I walk upon the moon they become familiar friends and render up their beauty their joy; I loiter in their sunshine, and shadows of their glens, And become again a happy mortal boy; I would gladly give my fruit and avocados with the rest, The beach house and the Alamo place, If I could jump ten feet again and camp fare with rest, And have my husky twelve old's brown, freckled, and face.

WHITE SOX AND REDS PRIMED TO JUMP WHEN UMPIRE SAYS "PLAY BALL."

READY FOR WORLD SERIES BATTLE.

Sox and Reds' Trump Cards in the Heaving Line.

Reuther Slated to Pitch Opener for Cincinnati; Cicotte to Handle Mound Work for White Sox; Hotels Groan Under Weight of Baseball Enthusiasm.

CINCINNATI, Sept. 30.—At 10 o'clock tomorrow afternoon, one of the four umpires at Redland will wave his hand, the Cincinnati Reds will take their positions, Liebold or J. C. will be the Chicago White Sox will be the batters box and the first of the great contests for baseball's prize and highest honors will begin.

Nothing but weather of the most favorable kind will delay the game, and when play starts, the Reds will be the first to see action. Every seat at the park has been sold for the first three games and all reserved seats for the first three games have been purchased.

Cincinnati hotels groaned today under the weight of baseball enthusiasm. They were the caldron in the diamond discussion from the corners of the country seethed. Along the din created by the clamor for rooms and accommodations, more highly pitched than the eternal alibi of the man who writes for tickets in advance rose the voice of King

The majority of the guests who arrived at the principal hotels were actually surprised when they found how thoroughly the managers had laid their plans. In some instances fifteen men had to sleep in one room, but they will be in comfortable beds. Some may have to sleep behind screens in private rooms and halls, but their beds will be but a step from a toilet shower.

SENATOR IN LUCK. Senator Warren G. Harding of Ohio was one of the more fortunate. He had the entire bridal suite at the Hotel Hamilton. He had the noted automobile race, and some of his party, will occupy the entire suite at another hotel. The extremely unfortunate was a man who had no accommodations and had to sleep on the street.

While no official announcement has been made relative to ground rules, it is believed the National League rules will apply for the series. The field is entirely free from the rules of the American League.

There is no official announcement has been made relative to ground rules, it is believed the National League rules will apply for the series. The field is entirely free from the rules of the American League.

There is no official announcement has been made relative to ground rules, it is believed the National League rules will apply for the series. The field is entirely free from the rules of the American League.

[BY A. P. NIGHT WIRE.] obstruction in right field, while more than three-quarters of center field is free and a long hit to certain parts of either of these can possibly result in a home run. Betting on the series was noticeable today for its absence. Several wagers of large amounts were offered. No takers were reported. Local fans are demanding odds, while Chicago supporters are asking even money, and a deadlock appears to exist.

BOTH WORKED OUT. Both teams worked out at Redland Field today, the Reds taking a turn in the morning and then allowing the Sox to figure on the angles of the field. In the afternoon the White Sox were allowed full practice, in order to become acquainted with the effect of the sun's rays at different times during the afternoon. John Quinn, the Chicago outfielder, after finishing his practice, said: "I am going out right now and make one throw. That's a pair of sun glasses. They tell me your sun is the fiercest ever, and I believe them."

GREET THE SOX. As the train bearing the champions of the American League came puffing to a halt at the Grand Central Depot this morning, three multi-clerk protruded their heads from their cars and shouted: "Hurrah for the White Sox. That was the greatest at the station, but a more vociferous one met them as they entered their hotel, and they had a hard time getting to the desk and, finally, to their rooms, so great was the push to shake their hands and greet them.

EXCHANGE COMPLIMENTS. Both Manager Gleason of the White Sox and Manager Moran of the Cincinnati Reds gave voice to their belief that their teams would be returned not only winners of the first game, but of the entire series, and both paid compliments to each other by stating that they knew that they had a fight on their hands.

EACH GETS BADGE. Press headquarters were opened this afternoon and 400 visiting local newspaper men obtained their seats. Each was presented a souvenir official badge by the Cincinnati club. The crush in the hotels and the confusion became constantly greater as each incoming train unloaded its thousands. A large number have come without hotel reservations.

[BY A. P. NIGHT WIRE.] CINCINNATI (O.) Sept. 30.—There is one thing that is certain—the Reds are going to meet the White Sox with a thorough knowledge of every man on the team. Never before in the history of the banner event has an effort been made to collect data on the opposing club as has been done by the Reds. A letter has been received from a recent member of the White Sox club, whose identity has not been disclosed, giving Moran a complete list on who to pitch, who to play on the club, where to play for him, and how to watch the pitchers. This particular bit of information, said to have been unthought, was the best Moran could possibly have obtained.

Manager Moran received the dope on the White Sox from a former Sox player this morning. It was given to the players in the presence of Manager Mitchell of the Cubs, Bill Killefer, Grover Alexander and Johnny Evers. Every item was discussed pro and con for more than two hours, after which the players left the clubhouse at the ball park stored with information.

PUT THROUGH DRILL. They will be put through the same drill tomorrow, so that not a single member of the team will have occasion to kick should he make a mistake. When the Reds lined their skill practice they felt they had played against the White Sox all season. Evers supplied what he had learned about the Sox—watching them in the East. After they were all through it was put together and a system of offense and defense was compounded.

National League men surely do want the Sox to win. They are hoping for this out of friendship for Manager Moran as much as out of interest for the parent major organization. Pitcher Alexander volunteered to pitch to the Reds this afternoon in practice in order to give them the finishing of his work. It is thoroughly acquainted with the defects of the Reds at the plate and will try to help them overcome those weaknesses with the hope of strengthening them before the opening game. Alexander also demonstrated to the younger pitchers where and how to throw to the young Sox batters.

FROM ALASKA. One man from Alaska managed to get an interview with President Herrmann and told him he had come all the way to see the Reds win the world's series, but when he got the club headquarters he admitted he was still without a ticket. The gates of Redland Field will be thrown open at 10 o'clock in the morning and the officials anticipate a tremendous rush for the bleachers and pavilion where the first to come will receive the front-most seats.

EVERS PRACTICES. Johnny Evers and Joe Tinker of the famous Chance machine took part in the practice for Moran's men today. Jack Pfeister, the "giant killer," former member of the Chicago National's staff, pitched to the batters and Grover Alexander, the "ace" of the Chicago Cubs staff, worked on the mound, while the Reds were taking turns at practice.

During the White Sox practice, "Buck" Weaver knocked several balls into the left-field bleachers. Joe Jackson and "Happy" Felch sharpened their batting eyes by driving out long hits. Cicotte, after warming up for a few innings, declared he would be able to take the mound tomorrow. Manager Gleason and most of his men attended the races today.

CINCINNATI (O.) Sept. 30.—Showers fell tonight, but the weather forecast for tomorrow was a clear, bright day, with moderate temperature. Both managers announced their pitching selections tonight. Manager Gleason said he would put his faith in Eddie Cicotte, while Manager Moran announced that he would rely on Walter Reuther.

WELCOME TO CATALINA. William Wrigley, Jr., owner of Santa Catalina Island, yesterday telegraphed a welcome to members of the Illinois State Society who will observe "old home week" on the island, beginning next Monday. In his wire to President James A. Tomlinson of the society, Mr. Wrigley said he regretted that he will be unable to attend the celebration. Reservations for the trip are being received at 124 Pacific Electric Building.

WEAK POINTS OF THE WHITE SOX TIPPED OFF. The crash in the hotels and the confusion became constantly greater as each incoming train unloaded its thousands. A large number have come without hotel reservations.

REDS' MANAGER GETS DATA OF HOW TO PITCH TO GLEASON'S PETS. [BY A. P. NIGHT WIRE.] CINCINNATI (O.) Reservations for the trip are being received at 124 Pacific Electric Building.

WEAK POINTS OF THE WHITE SOX TIPPED OFF. The crash in the hotels and the confusion became constantly greater as each incoming train unloaded its thousands. A large number have come without hotel reservations.

REDS' MANAGER GETS DATA OF HOW TO PITCH TO GLEASON'S PETS. [BY A. P. NIGHT WIRE.] CINCINNATI (O.) Sept. 30.—There is one thing that is certain—the Reds are going to meet the White Sox with a thorough knowledge of every man on the team. Never before in the history of the banner event has an effort been made to collect data on the opposing club as has been done by the Reds. A letter has been received from a recent member of the White Sox club, whose identity has not been disclosed, giving Moran a complete list on who to pitch, who to play on the club, where to play for him, and how to watch the pitchers. This particular bit of information, said to have been unthought, was the best Moran could possibly have obtained.

SOCIETY.

FEATURED :: IN :: THE :: WEEK'S :: PHOTOPLAYS.

Cinema Stars Appearing on the Picture Rialto.

By VIRGINIA WOODS.

By Mrs. McCarthy.

Mrs. McCarthy of 457 Norton avenue, is to provide a number of her friends the pleasure of meeting Col. and Mrs. Sidney Cloman of Burlingame and Miss Natalie Elizabeth Campbell, their niece whose engagement to Mr. Frederick Wilson Pritchett of Philadelphia was announced last week. She is issuing invitations to an afternoon tea for next Wednesday, October 2. This will mark the first important function at which the McCartys have entertained since returning to town after a year's absence.

Col. and Mrs. Cloman will be here Sunday and will have apartments at the Alhambra until the departure of their daughter, who is to be married to Mr. Pritchett on Friday at the home of Miss Campbell's parents, Mr. and Mrs. James Henry Campbell.

Miss Campbell has made her home for the past nine years with Col. and Mrs. Cloman, and it was while with them in Washington last winter that she and Mr. Pritchett met. He is the son of Mrs. M. S. Pritchett of Philadelphia and is a member of a private banking firm of Philadelphia, New York and Baltimore.

Told in Salt Lake.

Announcement of the engagement of Miss Frances Helen Blair to Mr. John C. Bristol, by Mr. and Mrs. E. S. Blair of Salt Lake City is of wide interest here, as until recently the Blairs resided in Los Angeles where their daughter went to school before finishing in the East. Mr. Bristol is in the legal department of the Standard Oil Company, of Shanghai, China. The wedding will take place in Shanghai, where the couple are to make their home.

For a Bride Elect.

Mrs. Brenton S. Carr of 102 South Hobart boulevard is presiding over a luncheon of attractive appointments today at the Los Angeles Country Club, the affair being a courtesy to Miss Catherine Wright whose marriage to Mr. James Spencer Brown, of the same club, is to be celebrated in a brilliant society event in Pasadena next week.

Sharing honors with Miss Wright are her two sisters, Miss Dorothy Brown and Mrs. T. Russell Brown of Montclair, N. J., who are here for the wedding. Only the girls in the bridal party are invited to the luncheon. Plates are set for twenty guests. Miss Wright and Mr. Brown are to share honors tomorrow evening at a dinner dance at which Mr. and Mrs. Elliott Bandman are to entertain.

Mrs. John Barnes Miller entertained at a dinner-dance last evening in their honor at the Midway Country Club.

Back from House Party.

Mr. and Mrs. Fred P. Bacon and their daughters, Miss Mary Rose Bacon with their house guest, Miss Bundschu of Independence, Mo., are back home after enjoying a jolly house party of a few days in Ventura.

To go East.

Mr. and Mrs. Frank Carlisle, who make their home at the Los Angeles Country Club, are planning a trip East, and will leave here October 16. They will go to New York first, and take in some of the theaters and then visit in Chicago and in St. Louis, their former home. They will return the middle of December.

Back from Monterey.

Mrs. Samuel Brown Thomas and Mrs. Margaret Gaffey Ward are home from Monterey where they were guests for several weeks of Mr. and Mrs. Harry Housman, who saw that every day was filled with some social gaiety for them. They entertained at numerous dinners, luncheons and teas, and their attractive old adobe home and also took their visitors over to Del Monte several times.

Virgin-Jackson Nuptials.

Miss Helen Jackson plied their troth at a pretty ceremony at the home of the bride's parents, Mr. and Mrs. E. J. Jackson, of the city. Rev. Dr. L. Jackson of Anaheim, a close friend of the groom, presided. The house was adorned throughout with yellow dahlias and anaparras plumosa, the huge fireplace in the living-room being made into an altar.

The bride wore a chic model gown of navy tulle, with a smart black velvet hat with two ostrich tips in front and back. Her bouquet was a sheaf of yellow roses. Miss Ruth Shaffer sang "The Birthday" just before the ceremony and after supper sang two songs. The bride is a young pianist of exceptional ability, having secured her medical education abroad. The groom is a well-known physician of the city. They have just returned to San Francisco and Santa Barbara.

Maines-Carsier Nuptials.

Mr. and Mrs. Albert Maines announce the marriage of their niece, Miss Marjorie Maines, to Dr. Eubank Carsier, which took place on Monday. Dr. Charles Edward Locke performed the ceremony. The bride is a graduate of Stanford University and Dr. Carsier is employed by the United States Department of Agriculture at Riverside.

By Mrs. Shearer.

Mrs. Charles T. Shearer of 169 South Hobart boulevard was hostess at a pretty appointed Kensington tea at which thirty guests, the majority of whom were from the city, were entertained. Her rooms were beautifully decorated with an abundance of roses, asters and carnations.

Mrs. Holmes.

That Col. and Mrs. Edwin Francis Holmes are returning to Los Angeles and Pasadena next week is pleasant news to hosts of friends. They will not tarry long however, but run back up to Franchisco where they are domiciled at the Fairmont Hotel. Mrs. Holmes were among the most entertaining dinner parties in the city.

FLASHES.

HOLUBAR LEAVES.

FAMOUS DIRECTOR WILL NOT FINISH "U" CONTRACT.

By Grace Kingsley.

An exciting item of news on the Rialto is that to the effect that Allen Holubar, one of the best-known directors in the business, famous chiefly, perhaps, for his "Heart of Humanity," the great war play which made a sensation all over the country, is to quit Universal following the completion of his present picture.

The news comes like a bomb in film circles, inasmuch as it was with Universal that Mr. Holubar made his first big success as a director, and his contract has another year yet to run.

It was Mr. Holubar himself who yesterday made the statement that he was leaving Universal, alleging as his reason certain disagreements with Universal regarding the advertising of his pictures, etc., so that he states that on consultation with his attorney he understands he is making no breach of contract in leaving.

Mr. Holubar, of course, will leave his beautiful young wife, and the star of all his pictures, Dorothy Phillips, who is announced to be a very fine actress and one whose pictures are always sure of sale everywhere.

Mr. Holubar was formerly an actor with Universal, following a noteworthy stage experience. He played Nemo in "Twenty Thousand Leagues Under the Sea," but it was later as a director that the film world set up and took notice. He turned out several pictures which gained wide praise from the critics and revealed breadth of vision and a real genius on his part. When he made "The Heart of Humanity" the film placed him at once in the front ranks of picture directors. "The Right to Happiness," an anti-bolshevik picture, had wide vogue. Just what Mr. Holubar will do is uncertain. Of course, he has received a big number of offers, but he has not yet decided what direction his ambitions may take.

Columbus Note.

The lovely young Gertrude Sohn, who, by the way, is another daughter of Miss Hallett, has been engaged and given a year's contract by Douglas Fairbanks, to play possibly small parts at first, and afterward when she has had sufficient training, to play leads with him in pictures.

Miss Sohn is a convent girl, who, before appearing in a Famous Players-Lasky picture, after being discovered by Miss Hallett, had been playing merely extra parts until Mr. Fairbanks gave her the remarkable young woman a photographic test, after which he at once engaged her, as stated above.

Those Irrepressible "Civics."

"Civilian Clothes" is now in its fourth week at the Morosco and although the present limit is set at fifteen, it is just barely possible they may raise the limit to induce a few more rounds before they close up the Buchanan attraction. "Polly" where a "Pant" is announced as her next play, but it doesn't look as if we're ever going to find out what kind a past young lady had. By the time she makes it known it will be about as interesting as the Tarquin scandal, or some other of ancient vintage.

DISMISSALS CHARGE.

A motion to dismiss the grand jury charges against C. R. Mohr was granted by Judge Houser yesterday on the assertion that an important witness for the prosecution was missing. Mohr was said to have conspired with P. M. Keane and Carlos de Alvarado to obtain \$600 from John Schroeder by the "psychic parlors" method. Keane and de Alvarado were convicted, but the former was granted a new trial.

Returned Officer Is Honored at Dinner.

Maj. Thomas W. O'Reilly, Medical Corps, U.S.A., of 2170 Hobart boulevard, who recently returned after nearly two years' service with the First Division and the Army of Occupation, A.E.F., was given a dinner at the Alhambra Club yesterday by a small group of High Masons with whom he has been closely associated for the past fourteen years in the state work at the Scottish Rite Cathedral.

Those present were Dr. O'Reilly, C. W. Walton, E. R. Northmore, John C. Blocher, E. C. Taylor and J. Gregg Layne. Dr. O'Reilly will resume his practice as soon as he can obtain suitable offices.

HE ERRS AGAIN.

Man on Parole from San Quentin Is Given Another Term.

Facing two charges, one of forgery and one of passing fictitious checks, and admitting being on parole from San Quentin, W. B. Higgins pleaded guilty yesterday in Judge Craig's court to a charge of forging the name of his wife, Mrs. N. Higgins of Long Beach, to a check for \$20, and was immediately resentence to San Quentin for from one to fourteen years.

It was charged that Higgins forged his wife's name, ordered some groceries and received \$15 in change from Elena Lipscomb of Long Beach. Another charge of passing fictitious checks was set for hearing October 17. In Judge Williams' court, Deputy District Attorney Erickson appeared on behalf of the prosecution.

GOING EAST IN IRONS.

Officers Will Take No Chance With Actor Wanted in Iowa.

Deputy United States Marshal Bell will start tomorrow for Des Moines, having in his custody, former Deputy United States Marshal Bert McCormick, known in motion pictures as Bert La Verne, who is wanted in Iowa on a charge of soliciting a bribe, involving a man charged with violation of the Federal laws. McCormick will be taken East in irons. When arrested at the Fox studio in Hollywood a month ago, McCormick induced Deputy Marshals Cavendish and Kelly to permit him to go into his dressing room to change his clothing. Then he leaped from the window and ran, being recaptured only after a long chase through the streets of Hollywood, the officers report.

 Stores.

"CARRY ON!"
 If Constipated, Bilious
 or Headachy, take
 "Cascarets"

Feel grateful. He eloquently
 say sick, bilious, headachy, con-
 stipated. Remove the liver and bowel
 action which is keeping your head
 dizzy, your tongue coated, your
 health bad and your stomach sour.
 Why not get a small box of Cas-
 carets and enjoy the nicest, gentlest
 laxative-cathartic you ever expe-
 rienced? Cascarets never gripes,
 causes or inconvenience one. Like
 salts, oil, Calomel or harsh pills,
 Cascarets bring sunshine to cloudy
 minds and half-felicit bodies. They
 work while you sleep.

Resinol
 for that skin trouble

TRUE!
 "every word of it"
 "I know it, because I have tried it."
 "If you are suffering, as I did, with
 skin trouble that itches and burns like
 mad, and is so ungratifying that you dread
 to be seen; if you are trying—as I did—
 treatment after treatment without real
 help, then you can imagine how I felt
 when Resinol gave me instant relief and
 soon healed the eruption completely.
 My doctor prescribed it."
 "Why don't you try Resinol?"
 "Every dermatologist sells Resinol. I bought it at
 Dr. H. H. Smith, 1112 Broadway, N.Y. City. I
 bought it at Dr. H. H. Smith, 1112 Broadway, N.Y. City.
 I bought it at Dr. H. H. Smith, 1112 Broadway, N.Y. City."

OPEN SYMPHONY
DRIVE TODAY.

Ten Thousand Members Goal
 of Woman's Council.

Best Music at Low Price is
 Slogan of Campaign.

Community Service Workers
 Back New Movement.

The first step in an intensive
 campaign to enlist 10,000 members
 in the Los Angeles Symphony As-
 sociation was taken yesterday, at a
 meeting of the Woman's Council of
 Community Service, held at the
 Alexander when John D. Mott, di-
 rector of the symphony board,
 spoke on "Civic Symphony Mem-
 bership" and the contemplated
 "drive."

Today, under the direction of
 Mrs. J. T. Anderson, chairman of
 the Executive Committee of Commu-
 nity Service, the membership cam-
 paign will be formally started, to
 last until October 15.
 This campaign has the hearty in-
 dorsement of Mayor Snyder, and the
 most important civic bodies, and
 the object is to interest the general
 public in high-class music, provid-
 ed at prices within the reach of
 all. Similar movements have been
 inaugurated in Boston, New York,
 Chicago, Minneapolis and St. Louis.
 At yesterday's meeting Mr. Mott
 spoke of the great need of popular-
 izing the love of fine music, stating
 that the people are only too prone
 to allow the materialistic side of
 life to absorb them.
 "For the last twenty or more
 years the Los Angeles Symphony Or-
 chestra has been maintained largel-
 y by a small group of men and
 women," declared Mr. Mott, "but
 for the best interests of the city and
 the people it is essential that this
 interest be broadened to include the
 citizens as a whole."

J. T. Fitzgerald, chairman of the
 Executive Committee of the Los An-
 geles Symphony Association, stated
 that the board will co-operate to
 the utmost in arranging the highest
 standard of programs.
 Civic symphony memberships will
 be on sale at various places through-
 out the city and county. Women's
 club houses, music stores, libraries,
 civic centers and the Women's Coun-
 cil of Community Service in the City
 Hall. Memberships, with coupon
 books entitling the holders to ten
 entrances at concerts during the sea-
 son, will be sold at the nominal
 price of \$5.

LAMPTON TO BE NEW
COUNTY CLERK TODAY.

Leon E. Lampton, recently ap-
 pointed County Clerk, has filed two
 bonds for \$12,500 each, and is ex-
 pected to take office today. He was
 sworn in by Roy W. Dowds, acting
 County Clerk. Mr. Dowds will return
 to his office as deputy County Coun-
 sel.

DRY CLEAN ALL
FAMILY CLOTHES
FOR A FEW CENTS

Any woman can clean and renew
 ribbons, fur, slippers, shawls, belts,
 waists, dresses, suits, coats, gloves,
 ties, vests, men's clothes, lace cur-
 tains, woollens, rugs, draperies — ev-
 erything that would be ruined by
 soap and water.
 Place a gallon or more of gasoline
 in a dishpan or wash boiler, put in
 the things to be dry cleaned, then
 wash them with Solvite Soap. Short-
 ly everything comes out looking like
 new.

Nothing fades, shrinks or wrinkles.
 No pressing needed. Do not attempt
 to dry clean without Solvite Soap.
 This gasoline soap is the secret of
 all dry cleaning.
 A package of Solvite soap contain-
 ing directions for home dry cleaning
 costs little at any drug, grocery or
 department store. Dry clean out-
 doors or away from flame.—(Adver-
 tisement.)

ANDREWS
TALKING MACHINE CO.
 1350 SOUTH BROADWAY

SHIPYARDS WILL
RUN AS USUAL.

(Continued from First Page.)

The Southwestern Shipbuilding Com-
 pany said: "There is to be no strike
 so far as we have been able to
 learn. At least, we have received no
 notification that a walkout is to be
 declared, and we intend to keep on
 operating the plant, strike or no
 strike."

Mr. Craig of the Long Beach ship-
 yard said he intended to keep the
 wheels turning regardless of any ac-
 tion, which might be taken by the
 unions. "We must keep going in or-
 der to carry out our contracts with
 the Emergency Fleet Corporation,"
 was his comment.

The issue upon which the walk-
 out order is based deals with the
 Emergency Fleet Corporation, for
 which the steel vessel under con-
 struction here are being built. The
 Metal Trades Council insists that
 in a conference with union men and
 shipbuilding company representatives
 at San Francisco in July a repre-
 sentative of the corporation agreed
 to an increase of cents an hour
 for the craftsmen. This increase was
 to have become effective today, but
 the Emergency Fleet Corporation a
 few days ago it was reported that
 it would not permit shipbuilding com-
 panies to grant the increase and pay
 it out of their profits, but it is
 said that the corporation refused to
 permit such a procedure.

The Metal Trades Council met
 Monday night and took action
 authorizing a walkout at midnight
 yesterday. This was to be simultane-
 ous with similar action in all Pa-
 cific Coast cities. The union leaders
 say that fully 100,000 shipbuilders
 on the Coast will quit work as a
 result of the walkout. The union
 men say they receive an average of
 \$6.50 per day. In the event of a
 walkout as extensive as theirs, ship-
 men anticipate the loss in wages
 alone will amount to \$60,000 per
 day, not counting pay for overtime.

PRICE BOARD
TO END WORK.

(Continued from First Page.)

I believe a consolidation would be
 highly advisable.
 The members of the board in
 many instances have failed to
 make reports when sent out by
 the committee. One subject has
 been under investigation for some
 time and no report of any kind has
 been forthcoming. Prices must
 come down and I believe a reor-
 ganization under Federal control
 will have the effect.

That the committee has been
 doing all within its power, is the
 statement of Lyndol L. Young,
 legal adviser of the board and a
 special investigator for the United
 States District Attorney's office. Mr.
 Young agrees with Dr. Lane that
 the board can not get information
 from people who do not wish to
 testify. "The board has accom-
 plished a number of things," he
 added. "It has learned of condi-
 tions and has reported them to the
 United States Attorney's office. What
 action has been taken on them
 I do not know but prosecutions
 have been recommended."

THE ONLY WAY.

"I feel confident that in the
 sugar situation we have material
 for a wholesale prosecution," he
 continued. "I firmly believe that
 convictions can be secured, and
 prosecutions and convictions are
 the only things to stop profiteering.
 We may appeal to a man's Amer-
 icanism during the war but now the
 only American symbol that can be
 seen by these profiteers is the eagle
 on the dollar. Butter, eggs, cheese
 and all produce are under the control
 of the District Attorney's office.
 Prices on these commodities are set
 by boards and exchanges and are not
 regulated by supply and demand."
 "I have a letter from the At-
 torney-General's office showing that
 in twenty cities where fair-price
 boards have operated, retail prices
 have fallen 10 to 15 per cent. With
 proper authority and organization,
 reduction here."

The committee meets today in
 room 307, Hotel Laughlin Build-
 ing, and members of the board be-
 lieve the fate of the organization
 will be decided there. The active
 members are Dr. Lane, chairman;
 Lyndol L. Young and Fred W. Shel-
 ley, legal advisers; Harry C. Wat-
 ters; Mrs. J. B. Stearns and A.
 H. Kallmeyer.

Autumn Millinery of Charm

Many of the new hats are of soft, rich, wintry fabrics, such
 as wool duvety, with just a simple bit of wool embroidery, fur
 or metal ribbon trimming. The style is a pretty one, enabling
 women with facility to make headgear a part of the costume—
 and its charm promises it an accepted vogue.

The Parisian popularity for ostrich as a trimming justifies
 itself by its beauty, and is particularly good on hats because of
 its great decorative charm.
 All the new modes find place here as soon as they are de-
 fined; will you not let us show them to you?
 (Millinery: Third Floor)

Fur Trimming in Vogue

A touch of fur seems almost essential to the hat or garment
 of this season.
 Here are being featured the choicest ones, in widths from
 a quarter of an inch to a foot wide.

Hudson and French seal; blue fox; Australian, natural and
 black opossum; real mole; nutria and natural beaver; conys in
 black, white, kit and brown, are among the favorites; while

Monkey Fur

In great present demand for adorning hats or gowns, has just
 come in.
 Shaped Collars
 as well as fur buttons, ball pendants, pompons,
 etc., are in stock.
 (Trimming: Main Floor)

Boston Bags of Real Leather

In black or tan; 12 to 16 inches long; lined with canvas or
 leather, are the ideal thing for school, business and traveling.
 At Coulter's, they are \$4.25 to \$10.50.
 (Leather Goods: Main Floor)

Comfort and Service in
Men's Underwear

You wear underwear for comfort—
 comfort in material, to secure the desired
 degree of warmth; comfort in the feel and
 the fit of a garment.

So, comfort, plus service, distinguishes
 all knit underwear sold here.

Vassar Form-Fitting

Cooper's Spring Needle, Globe and
 American made Stuttgarter in two-piece
 wool and cotton garments, are all makes
 that we can confidently recommend for
 comfort and service.

WIFE SEES PICTURE; ALL UP WITH HUBBY.

SCREEN DRAMA STARTS FAMILY ROW WHICH ATTRAITS POLICE.

(LOCAL CORRESPONDENCE)

SANTA MONICA, Sept. 30.—Edward Tiley of Ocean Park told Judge King today that he and his wife had never had a disagreement until last night when she returned from a motion picture house at which a sensational play is showing and told him that she was "through with men."

She declared that the "screen drama, which treats of the troubles in life generally, had pulled her eyes wide open, and that she no longer intended to have her life wrecked down by a man. Enraged by this attitude, Mrs. Tiley says her unwellcome husband spoke to her in a very loud voice and behaved in such a manner that the police were called, who charged him with disturbance of the peace. Such an arrangement would certainly be inadequate.

WIFE SEES PICTURE; ALL UP WITH HUBBY.

SCREEN DRAMA STARTS FAMILY ROW WHICH ATTRAITS POLICE.

(LOCAL CORRESPONDENCE)

SANTA MONICA, Sept. 30.—Edward Tiley of Ocean Park told Judge King today that he and his wife had never had a disagreement until last night when she returned from a motion picture house at which a sensational play is showing and told him that she was "through with men."

She declared that the "screen drama, which treats of the troubles in life generally, had pulled her eyes wide open, and that she no longer intended to have her life wrecked down by a man. Enraged by this attitude, Mrs. Tiley says her unwellcome husband spoke to her in a very loud voice and behaved in such a manner that the police were called, who charged him with disturbance of the peace. Such an arrangement would certainly be inadequate.

WILL DECIDE WHO WILL PAY.

Padena Professor to Settle \$25,000,000 Argument.

Kill Ordinance Designed to Embarrass P. E.

Noted Civil War Surgeon Dies at Home in Crown City.

(LOCAL CORRESPONDENCE)

PASADENA, Sept. 30.—A friendly dispute among three of the Allies—Great Britain, France and the United States—has to the cost of a certain \$25,000,000 expenditure should be prorated among them has been left for settlement up to a Pasadena college professor, Dr. David Ray, a new member of the faculty of Throop College of Technology. Dr. Ray expects to settle the controversy by correspondence, so as not to interrupt his work with his class here.

The reason the settlement of the dispute has been put up to Dr. Ray by the three big Allies is that Dr. Ray was a distinguished government war expert consulted by all three of them, and the \$25,000,000 was expended to secure a valuable war material, procurement of which for the Allies was Dr. Ray's war "bit."

The three Allies were greatly in need of acetone, a solvent used in the manufacture of munitions. There was a scarcity and Dr. Ray undertook to supply plants to manufacturers of munitions in England, France and America. America wanted it mostly to reproof her air-planes against explosive-bullet attack. The other two nations wanted it for use in the manufacture of cordite, a highly-efficient explosive.

Four factories were built in different parts of the United States for the manufacture of the acetone. Now comes the footing of the cost—\$25,000,000. Should the cost be apportioned according to the amount of acetone produced and supplied for the use of each nation, or should other factors be considered? Each of the three nations has a different solution, and they cannot agree. But they have agreed to leave the apportionment up to Dr. Ray, figuring that he knows more about it than any other man.

Incidentally, while serving as building inspector of the city of New York, Dr. Ray supervised such gigantic construction as that of the Woolworth Building. He left the New York post at the call of his patriotic duty to be government appraiser of munitions factories and supplies.

COMMISSION CHANGES MIND. The Pasadena City Commission today changed its mind about voting an ordinance compelling the new street railway car men to pass examination tests held by the commission itself. When the ordinance came up for second reading and adoption today, it was defeated by a vote of 3 to 2. It is understood that the majority of the commission voted against the ordinance today as a result of the determination of the Pacific Electric to contest the commission's right to regulate the carmen, in the courts. Pacific Electric officials conferred with members of the commission prior to the meeting. Commissioners John J. Hamilton and W. H. Reeves voted for the adoption of the ordinance, and Commissioner L. L. Hamilton, M. H. Salisbury and H. F. Newell voted against it.

DR. D. B. VAN SLYCK DIES. Dr. David Bernard Van Slyck, for many years a prominent practicing physician of Southern California, and a veteran of the Spanish-American war, died at his home, 60 South Grand avenue, today. The widow, Mrs. Agnes Van Slyck, survives him.

Dr. Van Slyck was a son of the New York family of that name. He was born in Parry, Wyoming, county, New York, in 1829. His medical degree he secured at the University of Buffalo. He served as a surgeon of the One Hundred and First New York Infantry during the early battles of the war. After Frederickburg, his regiment was consolidated with another and he was made surgeon of the Twenty-second New York Cavalry. He was taken prisoner by the Confederates and served two months in Libby prison. Later he got out and was successively surgeon-in-chief of Second Brigade, Third Division Cavalry Corps, medical inspector and medical director of the Army of the Shenandoah. Dr. Van Slyck came to Pasadena in the eighties. He served one term as president of the Southern California Medical Society.

THIEF RAIDS Y.M.C.A. Posing as a visiting Y.M.C.A. member from another city, a thief joined the business men's gymnasium class at the Pasadena Y.M.C.A. today and while his classmates were doing their exercises he pocketed the locker room. Several of the members had carelessly left their lockers open and from them the thief took watches, rings, money and clothing valued at several hundred dollars. The closed lockers, having combination locks, he did not break into. A Y.M.C.A. attaché saw the thief nonchalantly stroll out of the building a few minutes ahead of the others but did not suspect the early "business man" until a few minutes later, when cries of consternation came up from the locker room. It is the practice of all Y.M.C.A.s to honor the membership cards of associations in other cities.

THROOP HAS MANY STUDENTS. Class work is now under way for the fall term at Throop College of Technology here. There are more than 100 students at the college this year, exceeding all previous records.

PASS BILLBOARD ORDINANCE. Although a large delegation of Pasadena club women was on hand to protest against the action, the Pasadena City Commission today passed a final adoption of an ordinance permitting billboards here under the same regulations as prevail in Los Angeles.

Chenille rugs to fit any room—thirty colors, ninety shades. Pasadena Furniture Co.—(Advertisement.)

"Such art, so real one can think only of the classics and of the master paintings remembered through art is Broken Blossoms."—N. Y. Telegraph.—(Advertisement.)

The Red Cross Magazine Has a New Job—

NO! The Red Cross Magazine didn't die on November 11th! Like the rest of the world, it just took a deep breath and looked around for its new place in the scheme of things.

Before November 11th its pages told you of the world's needs. It asked you to open your heart and your purse to help foreign causes. That was its job during the war.

But the war is over and The Red Cross Magazine has "come home."

And it has found its new job. It is going to work for America! Not as a mercy magazine or a propaganda publication—No!

Under the editorship of that able magazine editor, John S. Phillips, it is going to be

America's "Get-together Magazine"

Dedicated to America, it will be the common meeting ground for all of us, regardless of race, class or creed—a place where we can meet as fellow citizens and talk over all our problems.

It will be a sort of monthly town-meeting-in-type, that will not only entertain us, but will inspire us all to be of greater use to ourselves, our neighbors and our America.

Subscriptions to The Red Cross Magazine will no longer be solicited in connection with Red Cross membership.

The magazine will continue to be published by The American Red Cross, but it will be offered to ALL Americans, whether they are Red Cross members or not, at exactly the same price.

For you see, The Red Cross Magazine is to be edited for all of us. It is to be our magazine—our magazine—OUR magazine.

A New way to Rule the Unruly Dollar

AS A WELL-KNOWN editor remarked the other day, "Something has happened to our good old dollar bill. It still looks like a dollar, all right, but it buys like fifty cents."

In one of the most interesting, as well as thought-provoking, articles that has appeared for a long time

Irving Fisher Professor of Political Economy in Yale University

tells the real reason why we are living on a fifty-cent dollar.

"It isn't the professor," says Professor Fisher, "it simply happened to be the lucky winner in the lottery."

No; "professing," trusts, labor unions, strikes, marketing by telephone, extravagance, drought and all the forty other explanations which have been offered have about as much influence on the H. C. of L. as a rainstorm has on the height of Pike's Peak."

What then? The real fault lies with our dollar.

Professor Fisher proposes a brand new kind of a dollar, a most interesting dollar representing, not 25.5 grains of gold nine-tenths fine, but:

2 board feet of lumber
1/20 of a bushel of wheat
1/100 of a barrel of white flour
1 pound of meat
25 pounds of coal
1/100 of a barrel of white flour
1 pound of sugar
1 pint of milk
1 egg; 1 ounce of butter
1/2 of a can of corn
1/2 of a pound of steel
1 ounce of copper, etc.

And he's serious about this Dollar too. Furthermore, it has the approval of many well-known men—President Bradley of Yale, Frank A. Vanderlip, George Foster Peabody, Henry L. Higgins, Roger W. Babson, John Hays Hammond, and many others.

You are going to hear a great deal about Professor Fisher's new Dollar before long. Get The Red Cross Magazine for October and learn, first hand, all about it right now. As a well-posted man or woman you can't afford to miss "The Unruly Dollar."

"The most wonderful Father in the world"

So thought "the four boys who romped through the halls of the White House throwing pillows at the President of the United States!" Don't miss the delightfully intimate and wonderfully inspiring story—

Theodore Roosevelt, the Father

by Hermann Hagedorn, author of "A Boy's Life of Roosevelt." He tells about the great ex-President as Ted, Archie, Kermit and Quentin knew him.

The Red Cross Magazine

20c for October-Out Today on the Newsstands

TO BECOME "the most wonderful father," Roosevelt worked as hard as he did at everything else, and studied as much. And many of the things he learned will prove tremendously helpful to other fathers and mothers.

Being a father was a beautiful "job" with him, and one that never wearied or never bored him. The relationship between himself and his children was tender, splendid, enduring, stimulating.

He never broke a promise to them and he never failed to punish them when he said he would.

The simple philosophy of life that he taught his boys is told in five short paragraphs, and it will fit every boy—yes, and girl, too—in America.

The whole story is told as only this writer, who is a member of the Executive Committee of the Roosevelt Memorial Association and who intimately knew and loved Roosevelt, could tell it.

To every reader it will bring a deeper appreciation of this outstanding American character and prove an inspiration.

While to fathers and mothers of boys this story might well be worth the price of a life's subscription to The Red Cross Magazine instead of the paltry 20 cents the October issue costs.

Your Magazine

THE Red Cross Magazine literally belongs to the American people, for it is a part of the great American Red Cross, which represents every one of us. It is—

Your magazine My magazine OUR magazine

If you already receive it, be sure to look up the October issue and read the stories and articles described here. If you are not a subscriber, get your name in for a year's subscription beginning with the October issue. See special \$1.00 offer in last column.

Other Good Things in the October Issue

The First Day of School. By Ethel Parker Butler.

Mending Your Business. The story of John Latham and his successful Industrial Democracy Plan.

Why I Live in the Country. By Walter Prichard Eaton.

The New City of Beautiful Slums. By Dr. Frank Conner.

Compare Comes to America—A dog story. By A. W. Abbott.

The School That Everybody Wants. By Angelo Patti.

New York's most famous schoolmaster. Not to mention several other noteworthy stories and articles.

Identical Dollar-Back Offer

THE present subscription price of \$1.00 a year will be discontinued after January 1st. On that date the subscription price to all, whether Red Cross members or not, will be advanced to \$1.50 a year, to cover the increased cost of publishing.

\$1.00 a year now—\$1.50 after Jan. 1st

But we are going to give every one who is not a subscriber a chance to subscribe at old rate of \$1.00 a year, and renew the subscriptions of present subscribers for another year (regardless of when their subscriptions expire) for \$1.00 if they send their renewals in promptly.

WE ARE SO SURE you will like The Red Cross Magazine in its new large size and with its inspiring new editorial policy, that we're going to make a bargain with you:

Identical Dollar-Back Guarantee

Write your name and address plainly on the Special Coupon below. Pin a dollar bill or your personal check for \$1.00 to the coupon and mail it to us.

Your subscription will start with the October issue or, if you are a subscriber already, with the expiration of your present subscription.

Now, when the October issue reaches you, read it. If you don't feel very sure that 12 issues of such a magazine will be well worth a dollar to you, just write us a note saying so, anytime before December 1st, and we'll return your identical dollar bill or check, and cancel the rest of your subscription.

We're going to keep your dollar right in our big safe until we are sure that you are sure that you like the new Red Cross Magazine and consider it well worth your dollar.

But don't put off sending your subscription. Reach for your purse or your check book right now, while you have this newspaper before you. Fill out the Special Coupon, pin the bill or check to it, and mail it at once.

THE RED CROSS MAGAZINE

124 East 26th Street New York City

Identical Dollar-Back Coupon 112

Subscription Dept., The Red Cross Magazine, 124 East 26th Street, New York City.

Gentlemen: Inclosed is my \$1.00 for one year's subscription to The Red Cross Magazine. If after reading the October issue I do not feel very sure that 12 issues of the magazine will be well worth \$1.00 to me, I can, according to your Dollar-Back offer, write you any time before December 1st, 1919, and you will return this identical dollar I am sending you.

NEW YORK STOCK EXCHANGE

(By A. F. NIGHT WIRE)
NEW YORK, Sept. 30.—The money market superseded the steel strike as a factor of primary importance on the stock exchange today, although yesterday's flurry in call loans to the highest rate in many weeks effected no diminution of bullish operations.

Call money opened today at 6 per cent., soon advancing by rapid stages to 10 and 12 per cent., but dropping to its initial rate just before the close of the market, when all demands of the day had been met. The situation was not considered unusual by money lenders, in view of the interest and dividend disbursements aggregating upwards of \$125,000,000, which marked the advent of the fourth quarter of the year.

Steel shares and the many stocks which come more or less within that category were the strongest and most active features of the session, United States Steel mounting to slightly over 198, its best price of the present movement, before the higher money rate caused a reaction.

Crucible steel was again the star performer on its further rise of almost 17 points to the new higher record of 247, that event being concurrent with the announcement of

the resignation of the company's chief executive.

Other steels and related equipments, such as Bethlehem, Sloss-Sheffield, Republic and Pennsylvania, Seaboard, Baldwin and American Locomotive, New York Air Brake and Pressed Steel Car registered extreme gains of 2 to 5 points.

Motors, oil and food shares comprised the other prominent and strong stocks with shippings and rails, top prices in these various issues being 2 to 3 points over the previous day, while American Tobacco featured the final dealings at a net advance of 14 points. Sales amounted to 1,600,000 shares. The bond market was irregular; while domestic rails, especially convertible or underlying issues, were strong. Total sales (par value) aggregated \$11,450,000. Old United States bonds were unchanged on call.

BIG HOTEL DEAL WILL HELP CITY.

Linnard System Linked with Ritz-Carlton Interests.

Say Merger will Bring Many Tourists to State.

Eight-Million Bond Issue is Included in Pact.

Details of an important hotel deal which will work to the great advantage of Los Angeles and all California by swelling the volume of visitors from abroad, as well as from other parts of this country, were announced last evening by L. M. Linnard, from his office at the Ambassador. He says a virtual amalgamation has been effected between the Linnard and Ritz-Carlton interests, controlling twenty-two leading hotels of Europe and North and South America.

It was announced that Mr. Linnard, Ambassador Hotel at Atlantic City, N. J., is to be more than doubled in size, while the Ritz-Carlton people are to erect an \$8-

SOUTHLAND HIT BY NEW RATES.

Protest Is Result of Higher Cost to Tourists Over New Orleans Route.

Because the new passenger tariff put into effect today appears to eliminate New Orleans as the gateway to Southern California the Los Angeles Chamber of Commerce has sent telegrams of protest to representatives at Washington asking them to have the tariff suspended until the matter can be talked over.

Under the new rates, winter tourists and home-seekers using the southern route would pay from \$12 to \$16 higher from middle-western points than by the direct trans-continental lines. Southern California has a heavy winter traffic via New Orleans.

000,000 hoteliers in Atlantic City adjacent to the Ambassador. The two companies will join in further improvements in connection with the Atlantic City properties, until the total expenditures for new buildings and improvements there will aggregate \$20,000,000. Construction work will begin immediately.

BOND ISSUE.

In connection with these combined operations, S. W. Straus and Company, has arranged to underwrite two six per cent. serial bond issues amounting in all to \$1,500,000, secured by all the properties involved in the transaction.

While there has been no financial or managerial amalgamation of the two great hotel systems, Mr. Linnard says they will be so closely affiliated that they will have the general advantage of one vast organization covering the United States, England, France, Switzerland, Italy, Spain and South America. Joint booking offices will be established at once in all the principal cities and pleasure resorts of the world, so that wherever a tourist may be he can, without inconvenience, make arrangements for his accommodation, when traveling in either a Linnard or Ritz-Carlton hotel.

GREAT BENEFIT.

"One cannot become too enthusiastic in emphasizing the benefits that will come to Los Angeles, Pasadena and California as a whole through our new affiliation with the Ritz-Carlton hotels," said Mr. Linnard last night. "Everyone knows the fame and character of the Ritz-Carlton hotels. They are located at those points where people with means to travel gather in largest numbers. They will be a tremendous influence in bringing an influx of European travelers to the United States as a whole and to California in particular. They will overlook no opportunity to picture the delights and attractions of California to the European and American public."

RUNS INTO SEA.

Mrs. Larry La Brea of Venice, who night before last jumped into the sea and was pulled out by officers, became hysterical last night at her home on Windward avenue and a hurry call was sent for Dr. C. W. Craik. Policemen who went with the doctor recognized the woman as the one they had pulled from the ocean. She is the wife of a bartender.

MANY MILLIONS PAID IN TAXES.

Revenue Receipts for Last Month Reach Big Sum.

Exports and Imports Also Show Large Increases.

Two-Cent Mailing Rate Causes Postal Decrease Here.

Internal revenue receipts for September, amounted to \$3,055,695.70, of which \$6,500,000 was collected on account of income tax, according to a report issued yesterday by Collector Carter.

In addition to the third quarterly payment, many taxpayers who had the money to spare paid the fourth quarter, due December 15. The balance of the total payments were on account of sales taxes on luxuries, transportation, admissions, etc.

The postal receipts for the quarter ending last night totaled \$694,650.75. The figures for the preceding quarter were \$737,090.55, a loss of more than \$100,000, but this is largely accounted for by the reduction of first-class postage rates, which dropped from 5 to 2 cents an ounce. The receipts for July and August show a decrease compared to the first two months in the preceding quarter, but the figures for September are largely in excess of the last month of the former quarter, showing an increase of receipts with the coming on of the fall business season.

The sale of War Savings and Thrift Stamps has dropped noticeably, the aggregate for the month of September being but \$12,662, with redemption in the neighborhood of \$5000 and \$6000 a day. The total sales at the local postal establishment were in the neighborhood of \$4,000,000, but a large percentage of these sales have been redeemed.

The September report of Customs Collector Elliott places the exports for the month just closed at \$1,454,614; compared to \$1,425,734 for the preceding month. The figures for September, 1918, were \$1,014,470, and for the preceding month of last year, \$400,622.

The imports for September, 1919, are \$377,590, compared to \$207,251 for the preceding month, \$305,210 for September, 1918, and \$196,197 for August, 1918. The collections for September, 1919, are reported at \$42,788.11, compared to \$14,750.90, last year, a magnificent increase. Of the collections for the month just ended, Los Angeles contributed \$41,722.94; San Diego, \$107.99; Calexico, \$109.89; Tia Juana, \$249.09; Campo, \$40, and Andrade, \$117.68.

INCITERS TO EVIL, ARE HEARST PAPERS.

THE "EXAMINER" AND "HERALD" WON'T TELL THE TRUTH ABOUT STRIKES.

LOS ANGELES, Sept. 30.—[To the Editor of The Times:] Why does the decent business element of Los Angeles tolerate, much less support, the Examiner and Herald and the Hearst propaganda here in Los Angeles? The one jewel in the crown of industrial Los Angeles is free labor. By free labor is meant labor that is free from foreign (outside) dictation. This freedom we have so far maintained, and are proud of the results. No city of the entire world lies in a more favorable aspect toward material and moral growth than our own. That we are upon the threshold of a splendid industrial development—a sure basis upon which we can safely build and safely rest our superstructure of peaceful homes, art and culture, is apparent now to all. We have all hoped and some of us have worked and sacrificed that these things might be established and maintained. "But Satan came and stood in their midst." Bland and raucous, Hearst's insincere hypocritical issues are poured out in a daily stream of misconception and perversion to be assimilated by the public mind—covert attacks on law-abiding workers, who are heaped as "strikebreakers" and "scabs."

Kicked bodily out of England and Canada during the war, but supported by our own government at the same time, and for the same reason—this same thing fulminates daily in our midst.

Is there an attack on the constructive policy of Congress? Hearst is behind it. Is there a loud demand for some great national policy which will reflect praise on the Examiner? Hearst is the sole author and originator.

Is there a strike? Hearst is always first to encourage the lawless element in his Examiner and Herald. Where there are none of these things they are created so that Hearst may be heard.

Every boost or bluff of the red agitators is stimulated and exaggerated by the Herald and Examiner. The facts of a strike failure are never reported by the Herald or Examiner. Their readers are dosed every day with the representation that the labor unions are running the country and that "the red revolution has begun."

Where are the red-blooded sin-pur-pure Americans of this town—men who have lived and labored for fixed principles of right? Those of you who love this city not for what you can get out of it, but for what- ever of true manhood and womanhood you can put into it to make it a worth-while place to live in—come out into the open and take your stand against this perversion in our community.

If labor is to be mislead and misled; if the doctrines of universal discontent are to be preached in our midst, for God's sake let it be without your support, or W. T. SEILECK, Campaign manager League to Enforce Peace.

FOR OUTSIDE EMPLOYMENT Health Commissioner Powers yesterday asked the City Council to inform him whether or not inmates of the Los Feliz Hospital may be permitted to do work for private parties, such as making clothes, etc. and receive pay therefor directly from the parties furnishing the work. He stated that opportunity has been offered for such employment.

A Complete Store for Men.

Fall Styles for Men

Hamburger's Men's Store!

(Corner Eighth and Hill Streets)

These Are the Days of Fashion—the Days of the New for Autumn

—Are we men going to get behind a cigar and last year's suit and let the women carry away the honors when it comes to the style and smart appearance?

—No!—But—we'll have to do a little thinking and a little buying to make a creditable showing alongside wife or sweetheart.

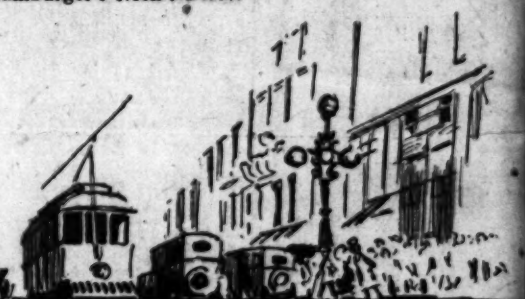

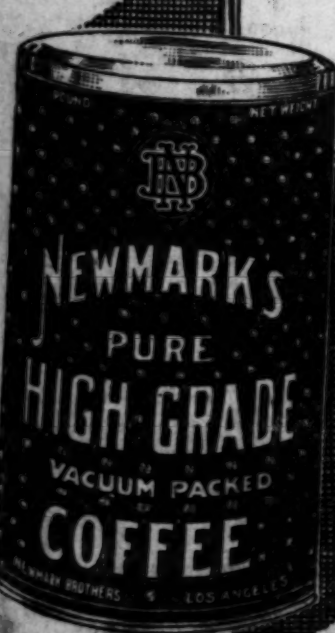

—What a man wants most of all are—

Togs That Have a Real Atmosphere of Originality

—A Suit, for instance, that makes an impression—that will be admired because of its graceful lines, its style, its fine tailoring. Now WILSHIRE MASTER-TAILORED CLOTHES are developed from the general style lines of the season—but there's something else, there's an atmosphere of originality about them that you'll not find in other clothes.

—A Hat, this season, may have either broad or narrow brim—a wide or narrow band—smooth or scratch finish—and may be in any of half a dozen new autumn shades. A man can surely suit his own whim and fancy in choosing the new fall hat—especially at Hamburger's, for we've a very large showing, featuring the Stetson.

—Shirts, Neckwear, Footwear, Furnishings—the things that are correct and smart—you'll find in Hamburger's Men's Store.

Its quality has been maintained to the same high standard for over a quarter century

—its flavor is exquisite

Tartar on Teeth Shows You Leave the Film

All Statements Approved by High Dental Authorities

Remove the Film

Film is the basis of tartar. It is the source of discolored teeth and decay.

In brushing teeth you leave a slimy film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. Your tooth paste cannot dissolve it. Most tooth troubles are now traced to that clinging film.

That film is what discolors—not the teeth. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the one great object in cleaning teeth should be to end that film.

Dental science, after years of searching has found a way to do that. For home use the way is now embodied in a dentifrice called Pepsodent.

The results are known. Convincing, clinical and laboratory tests have proved them beyond question. Leading dentists everywhere now advocate its use.

A 10-Day Test Supplied

We now send a 10-Day Tube to anyone who asks. Thus we are starting countless people toward cleaner, safer teeth.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object is to dissolve the film, then to day by day combat it.

The way seems simple, but pepsin must be activated. The usual method is an acid harmful to the teeth. It is the invention of a harmless activating method which makes pepsin possible. That, with other Pepsodent ingredients, is doing now what was never done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Read the book we send you. Learn the reason for these things. Then judge for yourself if you want your teeth kept in that way always. Cut out the coupon now.

See how teeth glisten when the film is gone. It is film that makes teeth look dirty. It is film that is the source of most tooth troubles.

BANDIT SHOWN TO BE SUICIDE.

(Continued from First Page.)

Deputy Sheriff's badge which was discovered pinned on a blanket coat following the shooting. Parsons told the police that his room was burglarized on July 22 and the badge stolen along with a quantity of clothing. None of the stolen clothing could be located by the police yesterday.

Detectives Cline and Hickok stated yesterday that they expect to hear from eastern cities in regard to Nyland some time today. Telegrams were dispatched by the two detectives to the cities mentioned by Nyland in his criminal diary and his complete record, according to the two police officers, will be at hand in a short time. A search of the local police identification bureau made by Detective Cline, in charge of the bureau, and completed late yesterday, fails to show any record of Nyland or his finger-prints.

ON FLOOD PROBLEMS.

The serious possibilities of flood damage to towns and other property adjacent to the Tehama and Pacoima Canyon, in the San Fernando Valley, are to be given consideration at a meeting of the Chamber of Commerce of Van Nuys and members of the City Council tomorrow night at Van Nuys. In this connection, the members of the Council will also confer with property owners who object to the diversion of storm waters down Mason avenue, instead of their being allowed to follow the old water course.

Girls! Why not have beautiful hair? Snappy, luxuriant and shimmering hair adds greatly to any girl's looks. Begin today to use Newbro's Herpicide and see how soon the improvement begins.

Newbro's Herpicide

will positively remove all traces of dandruff, stimulate the hair follicles of the scalp and prevent falling hair. Thousands of people report a wonderful growth of new hair from its use.

Use Herpicide for a while in secret and see how soon your friends will note the perfect luster, the natural sheen and the genuine charm obtained by the intelligent use of Newbro's Herpicide. Herpicide has a very delightful odor. Do you want lustrous and beautiful hair? Use Herpicide now.

About Alcohol in Hair Remedies

Every physician and chemist know the antiseptic value of alcohol and also that practically every substance capable of benefiting the hair or scalp requires a suitable amount of alcohol as a solvent.

The doubling of the U. S. tax on alcohol (\$4.18 per gal.) has caused a flood of water hair preparations, the repeated use of which may cause harm unless followed by hot towels to stimulate the scalp.

Herpicide cannot be taken internally.

Send 10c in stamps or coin for generous sample and interesting booklet on the care of the hair. Address The Herpicide Co., Dept. 182-B, Detroit, Mich.

Sold at all Drug and Dept. Stores. Applications at Barber Shops. Accept only genuine Newbro's Herpicide.
